CONVULSION IN NORTHERN PACIFIC CONTROLLED.

ALL STOCKS RISE RAPIDLY

THE FIELD OF FIERCE BATTLE SURVEYED.

New York, May 10.—Sentiment in the financial world was much reassured today by the announcement made last night that the shorts in Northern Pacific were to be settled with at 150, thereby ending the corner in the stock. Brokerage offices were filled with speculators at an early hour, and to some of the larger houses admission was to be had only by ticket.

Before the New York opening interest centered in London's quotations and when these came much higher than yesterday's New York close the better feeling became stronger and the New York opening prices were awaited with a confidence in marked contrast to the complete demoralization that prevailed on every hand yesterday morning.

HIGHER IN LONDON.

A dispatch was received from London saying that at 1:45 in that city all American securities were higher, with St. Paul quoted at a price equal to a 20-point advance, and Union Pacific showing a rise of 10 points. The 12:30 prices in London (the figures given are the New York equivalent with the changes from yesterday's New York close, were as follows: Atchison, 70¼; advance, 3⅛. Canadian Pacific, 98⅜; advance, 1⅝. St. Paul, 159½; advance, 18½. Illinois Central, 133; advance, 1½. Louisville and Nashville, 96⅝; advance, 1¼. Erie, 33¾; advance, ¾. United States steel, 40⅞; advance, ⅝. United States steel preferred, 92¾; advance, 3¼. Anaconda, 45⅝; advance, 3⅝. Northern Pacific sold in London at a price equivalent to 134½ in New York.

The London extreme quotations showed further advances, Atchison preferred being up 2⅝, Baltimore and Ohio 2⅝, Mexican Central 2⅜, Louisville 1⅛ and Chesapeake and Ohio 2⅜.

THE FIRST QUOTATION.

The first quotation on the ticker tape recorded a sale of Amalgamated copper at 108, a rise of 3 points, and this was followed by a sale of Reading first preferred at 71½, as against 70 at yesterday's close, and as sale after sale of various stocks showed higher prices, the traders felt that the worse was over.

The anxiously looked for opening of Northern Pacific was a transaction of 300 shares at 150, and this was taken as an indication that all of the minor holders of the stock had decided to settle with the shorts at the figures agreed upon by J. P. Morgan & Co. and Kuhn Loeb & Co.

Amalgamated copper rushed up to 110½, and St. Paul sold at 155, United States steel preferred at 92, Louisville at 99½, Union Pacific at 95, Atchison preferred at 95, Burlington at 188 and Missouri Pacific at 100, all of these figures indicating substantial improvements from last night.

MARKET VERY FEVERISH.

In spite of the better tone, however, the market was very feverish and price changes after the first spurt became wide and erratic. There was much doubt on the street as to whether the decision of the holders of Northern Pacific to be easy with the shorts meant more than a temporary truce between the conflicting interests.

Many securities have sold at their high record figures recently on the belief that they would enjoy much benefit from one or the other of the vast consolidation schemes for which different railroad managers were working, and some hesitation to buy was caused by fear that the hostilities developed during the Northern Pacific contest might delay indefinitely or prevent altogether the plans for extensive combinations of railroad capital under closely centralized management.

SOME CHEERING NEWS.

At about 10:20 the cheering news was given out that the stock exchange had officially announced the successful passing of all clearing sheets and the honoring of all checks given by exchange members yesterday. This announcement effectually disposed of the rumors current yesterday that certain houses would be unable to meet their obligations on yesterday's contracts.

The trading became so feverish around 10:30 that it was very hard to follow the price changes, but there was a notable absence of the rush to sell, which was the distinguishing characteristic yesterday morning.

Amalgamated copper held firm around 110, Southern Pacific at 47, Atchison at 70, Atchison preferred at 93, Manhattan at 109½, Brooklyn rapid transit at 75 and Louisville around 96¾.

Steel on large transactions kept close to 42. Rock Island fell back from the opening price of 150 to 147. Continental tobacco was strong, selling at 49½; Pennsylvania sold at 145 and Texas and Pacific at 41.

Southern railway recovered to 29, and Canadian Pacific touched par

There was a sale of 100 shares of Northern Pacific at 151. At 10 45 the market showed a quieter tone, with prices holding steady.

HEAVY SELLING OF STEEL.

There was heavy selling of the steel stocks, said to be for Chicago account, but it seemed to be well taken and the price fluctuated from 41 to 42 for the common and from 91 to 92 for the preferred.

About 11 o'clock the general list became stronger, Union Pacific rising from 92½ to 94 and Missouri Pacific sold up to 101.

There was a further clearing of the financial atmosphere when it was announced that an order to show cause obtained in the supreme court, directing certain persons to show cause why they should not be restrained from trading in Northern Pacific, would not be served, the agreement to settle at 150 having been accepted as satisfactory.

Arthur R. Linburger, who obtained the order, said that in light of the settlement made with the shorts the order would not be served and that the matter would be allowed to drop.

Most of the buying this morning was believed for investment account, as commission houses deprecated trading on margins for the present.

The transactions on the exchange continued quiet, but with a firm undertone, up to 11:30 and then the further reassuring news was given out that J. P. Morgan & Co. would renew at 6 per cent. all loans made by them yesterday. A. A. Houseman & Co. announced that they would renew all of yesterday's loans and would lend an addtional $1,500,000 at 6 per cent.

At 11:45 the entire list was strong. Northern Pacific sold on the exchange at 160, but at the same time Kuhn, Loeb & Co. were settling at 150.

A STRONGER TONE.

After 12 o'clock a stronger tone developed on the stock exchange and Union Pacific went up to 98½, Amalgamated Copper to 111, American Tobacco to 118, Atchison preferred to 94¼, Wabash preferred to 36, Rock Island to 160 and Baltimore and Ohio to 99. To judge by the tape the frantic desire to sell seemed ended and the belief gained ground that the worst of the trouble was a thing of the past.

PRONOUNCED STRENGTH.

About 1:15 p. m. the strength throughout the general list became very pronounced and prices advanced all around rapidly. Erie sold at 36, Amalgamated copper at 115½ and Union Pacific at 105, the latter stock showing a rise of 15 points as compared with the last sale yesterday. Atchison common recovered to 72¼. Manhattan shared in the tally and reached 115, Southern Pacific touched 48⅛ and American sold at 121.

There was a conference at the Gallatin National bank today, between President F. D. Tappen, of that institution, and J. Edward Simmons, of the Fourth National. At the close of the conference Mr. Simmons said the money market would be protected.

The conference between Messrs. Tappen and Simmons was equivalent to a meeting of the clearing house committee, for Messrs. Nash, of the Corn Exchange bank, and Williams, of the Chemical National bank, are both inEurope.

HIGHEST RECORD BROKEN.

Yesterday's tremendous business on the stock exchange was reflected in today's exchange of bank checks, which aggregated $598,537,410, and which broke the record of $562,817,206 made on Tuesday last. The balances were $23,873,116, the second largest on record, and comparing with the record of $24,170,338 on March 5.

After 1:30 the market became very bouyant and under the leadership of a sensational rise in Union Pacific to 112, 22 points above last night's close and 36 points above yesterday's low point, the entire list made rapid progress toward higher prices.

Continental tobacco sold at 54, a rise of 5 points over last night; Texas Pacific went to 45⅝, and St. Paul to 157¾. Union Pacific fell

LAW IS INVALID

OLD WATERWORKS BOARD YET IN EXISTENCE.

AN IMPORTANT DISCOVERY

CHARTER AMENDMENT HAS A SERIOUS FLAW.

THE OLD BOARD CONTINUES

DISCOVERY WAS RESULT OF AN ACCIDENT.

The first genuine flaw in the new charter amendments was discovered yesterday by an attorney who was annotating his copy of the revised statutes from the acts of 1901. The flaw relates to the abolition of the waterworks board and the conferring of their powers upon the board of public works; the mistake is so glaring that republican lawyers, including Judge Vesey, who assisted in drafting the amendments, admit that there is no way to remedy it. The section in question is No. 136 and as it stands it is an amendment to an act that was previously amended, and is, therefore, clearly void. The effect is that the duties of the water works department again revert back to the old board of water works trustees, and will be taken out of the department of public works. Had the error been discovered thirty days ago a new board of water works trustees might have been elected last Tuesday, but as it is, the old board will be reinstated and under a constitutional provision, they will serve until their successors are duly elected and qualified.

In 1879 a special act was passed by the legislature, providing for the creation and maintenance of a board of water works trustees for the city of Fort Wayne, and it was under the said act that the Fort Wayne department was operated.

In 1893 when the original Fort Wayne charter was passed, the law of 1879 regarding the board of waterworks trustees was incorporated as Section 136, of the charter, and the law of 1879 thereby became void. When the charter amendments were passed in 1899 making the terms of the city officers three years for the last term, so as to throw the elections into an odd year, Section 136, of the acts of 1893, relating to waterworks trustees was also amended, so as to prevent the necessity of a special election for that department.

The 1899 amendment, or that part of it amending section 136 of the act, reads: "* * * Repealing all laws in conflict with this act and declaring an emergency, approved March 25, 1879, and all laws amendatory thereof and supplementary thereto. Such trustees shall be elected by the qualified voters of said city at said city election, to be held on the first Tuesday of May, 1901, and every two years thereafter, and shall hold their office for a term of two years," etc.

In the last charter amendments, the title of the bill reads:

"An act to amend sections 42 and 136 of an act * * * approved March 3, 1893, and repealing all laws in conflict therewith, etc.," and in the body of the action the following language is used:

"Sec. 136. In any such city in which waterworks have been constructed or are now in process of construction or extension, or wherein waterworks shall hereafter be ordered, the said waterworks shall be under the authority, direction and control of the board of public works, hereinbefore created, who shall have and possess all the power and be under the obligations and do and perform all duties now conferred upon the trustees of waterworks, under and by virtue of an act of the general assembly of this state, entitled, 'An act to authorize cities and incorporated towns to construct, maintain and operate waterworks, issue and sell bonds to pay for such construction, repealing all laws in conflict with this act and declaring an emergency,' approved March 25, 1878, and all laws amendatory or supplementary thereto. Boards of waterworks trustees heretofore existing in such cities shall be and are hereby abolished and all of their powers and duties shall be and are hereby conferred upon the board of public works of said city."

Here, then, is a section repealing a section of the law of 1879 which had already been repealed, and amending a law which had already been amended. The propostition, therefore, is plain upon the face of the acts that the amendment of the legislature of 1889 has never been affected, and that the law abolishing the waterworks board is absolutely void, and therefore the amendment of 1899 is still in force. It will require no supreme court to pass upon this question, as it is so evident that any lawyer who reads it and compares it with the previous acts at once will see the futility of raising even a question on it.

The board of works was to have had a meeting tonight as a waterworks board, but on the advice of the city attorney the meeting has been postponed until the department can be reorganized according to law.

A CURIOUS ACCIDENT.

Ludewigshafen, Bavaria, May 10.—A curious accident occurred today to the Strasburg express by which a woman was killed and several other persons were injured. Owing to the air brakes failing to work the train dashed through the station wall, crossed a street thirty yards wide, ploughed through a freight train on the harbor siding, and went over an embankment into the harbor.

IN PURSUIT OF CAILLES.

Manila, May 10.—Cailles, the insurgent leader in Laguna province, is being closely chased. He is supposed to have gone southward of Laguna province and is not likely to surrender, fearing paying personal penalty for his numerous assassinations. A hundred insurgents, Tuesday evening, attacked Paglibac, in Tayabas, which province was considered to be pacified. The insurgents were repulsed without loss. A detachment of the Twenty-first infantry routed 150 rebels at Zurbano's Camp, near Lusban, and captured a large quantity of supplies.

ADMIRAL SCHLEY IN LONDON.

London, May 10.—Rear Admiral Schley has arrived in London on his way to the United States. He is accompanied by Lieut. James H. Sears. The admiral is visiting his daughter's relatives, the Stuart-Wortleys. He will dine with Mr. Choate, the United States ambassador, tonight, and will stay here about ten days before sailing for New York.

SALISBURY VERY ILL.

New York, May 10.—A dispatch to the World from London says: The statement has been given out that Lord Salisbury will be brought back to London by Saturday, but that he is not well enough to resume work. It is admitted that his condition is causing anxiety, as he shows no recuperative power.

TO GET ASPHALT

JEFFERSON STREET CITIZENS WIN A HARD FIGHT.

ACTION TO BE TAKEN TODAY

DECISION OF OLD BOARD TO BE RESCINDED.

MAYOR OUTLINES HIS POLICY

THE POLICE COMMISSIONERS AGAIN PRESENT BONDS.

The bitterst fight that has ever been waged in this city between rival concerns for a paving material contract has been practically finished and the asphalt interests which, with a number of the most prominent property owners on Jefferson street, have been battling aginst brick, which a majority of the old board had decided upon, have won a victory. The board of works met again this morning to again consider the Jefferson street paving matter.

It is now conceded that the asphalt advocates were in the right and that the board had no right to refuse reinstatements before midnight of the day that the final selection was made. The brick men, it is understood, have practically laid down and given up the fight, and there remains now nothing to be done save hearing the official opinion of the city attorney, which will be given this afternoon at 3 o'clock, and then changing the selection of material from brick to asphalt. The asphalt men have about 2,500 feet to the brick men's 1,000 feet.

CITY ATTORNEY'S OPINION.

Late this afternoon City Attorney Shambaugh filed a written opinion, in which he holds that five days means five days of full twenty-four hours each and that the law clearly contemplates no recognition of a fractional part of a day as a full day. Therefore, the petitioners in the paving matter had a right to have their petition one way or the other considered by the board. The board will doubtless make the award to asphalt this afternoon.

MAYOR MEETS WITH BOARD.

Mayor Berghoff met with the board of public works today and explained his policy to them. He said that he would not make any recommendations to them regarding the employing of persons in their department further than that he wanted them to give employment to those whom they considered most in need and to employ no persons at all times unless their services were actually needed; he wanted no political jobs given out. He stated further that all down town streets must be cleaned every night. He gave some advice on matters in general and said he hoped for their hearty co-operation. He added that as soon as the board of safety organized he would call a meeting of all the boards and the heads of all departments and that such joint meetings would be held in the future once every month for a general discussion of matters concerning the city's general welfare.

COMPTROLLER FOX'S BOND.

Comptroller Joseph V. Fox this morning presented his bond in the sum of $150,000, signed by himself and S. B. Fleming, Charles McCulloch and A. B. Trentman as sureties. The mayor approved the bond and Mr. Fox was duly installed. He appointed Oscar Brokaw his assistant and took control of the finances of the city forthwith. There is no likelihood of Mr. Fox's political enemies, if he has any, making any kick of insufficiency of bond. The law requires that the comptroller shall give a bond of only $5,000, but Mr. Fox went the law just $145,000 better; Comptroller Berghoff had done the same thing

MR. DREIBELBISS' BOND.

Robert Dreibelbiss, who is still a private citizen de facto, called upon Mayor Berghoff this morning and formally presented his commission as judge of the municipal court, and offered a sufficient bond in the sum of $2,000. The mayor declined to recognize the commission or accept the bond on the ground that a judge had already been elected by the people at last Tuesday's election, the said judge had presented himself with his bond, which had been accepted and the judge was sworn in. Consequently Mr. Berghoff said inasmuch as there was one judge on the city bench and there not being room for two, he was obliged to refuse Mr. Dreibelbiss' presents. Mr. Louttit's bond is in the sum of $2,000 and is signed by J. R. Bittenger, Henry C. Paul and Herman Michael.

THE POLICE COMMISSIONERS.

Today was the day set for the hearing of the mandamus proceedings against H. C. Berghoff as comptroller, in which proceedings William Geake, A. B. Trentman and Charles S. Bash are the plaintiffs. The election of Mr. Berghoff as mayor and the appointment of Mr. Fox as comptroller, seemed to put a new phase on the matter in the eyes of the plaintiffs and they agreed to allow the matter to go over for a day or two. Meantime the three gentlemen named as police commissioners again presented themselves at the city hall and made a formal tender of their bonds to Comptroller Fox. The comptroller declined to accept the bonds on the same grounds as those given by Mr. Berghoff last week. The gentlemen then went away. It was rumored that they would present themselves to County Clerk Belot and ask to be qualified, but up to a late hour this afternoon no such action had been taken and the understanding now is that new proceedings will be commenced, naming Comptroller Fox as the defendant. If this is done it is probable that the matter will be pushed through the courts as rapidly as possible, so that a final decision can be had on the question which is now keeping several of the most important departments of the city in suspense.

The board of safety has not yet been reorganized. This morning George H. Wilson presented his bond in the sum of $5,000, with W. H. Hoffman and J. W. White as sureties, and L. C. Kasten presented his, with Charles Stellhorn and F. H. Fehling as sureties. As soon as Mr. Buck presents his the board will be organized and the mayor will explain to them just exactly what he expects them to do and how.

ABOUT THE CITY HALL.

The new board of works met at the city hall last evening and proceeded to organize, Mr. Eggeman being unanimously re-elected chairman. A small amount of routine business was transacted, the principal part of the time being occupied in listening to arguments on the West Jefferson street pavement proposition. Withdrawals from the brick petition were presented from Caspar Guthermuth, Catherine Sanders and Mrs. Mary Graffe, and Attorneys Colerick & Thomas and Geake & Ballous presented communications setting forth that the withdrawals from the brick petitions and the reinstatements on the asphalt petitions show considerably more than a two-thirds majority in favor of asphalt, and they therefore asked that the board rescind its action in the matter of the adoption of brick and substitute asphalt instead. Final action on the matter was postponed until today.

Last evening retiring Clerk H. B. Monning was cornered by Mayor Berghoff, who, on behalf of the city hall attaches, presented him with a very handsome Elks charm of beautiful design and workmanship. Mr. Monning stammered his thanks, concluding with something which sound very much like "W'ell you have?" This morning Officer John Tremmel corralled ex-Mayor Scherer in the clerk's office and on behalf of the same crowd presented him with a gold watch charm, perfectly plain, rectangular in shape and bearing a solitaire diamond on one side. The mayor promptly handed around copious mugs of fresh Swinney park water.

The election commissioners met at the city hall today and destroyed all the ballots, packages of returned ballots, etc., remaining from the election last Tuesday, as required by law.

The bondsmen of the new board of works are as follows: Eggeman, John Dreibelbiss and Will Bostick; Doehrman, Anslem Fuelber and August Freese; Zollinger, George Gale and George H. Loesch.

Mayor Berghoff announces that he will not in any way interfere with the several heads of departments in the appointment of subordinates and that therefore it will be entirely useless and only a waste of time for persons to apply to him for positions. "I selected those heads of departments because I thought they are capable of attending to their own business," said Mr. Berghoff, "and I propose to hold them responsible for good service. This I could not do if I interfered with them, and I will not do it."

The Fourth street railway crossing case will be tried at Decatur, commencing on the 20th inst. The case was taken to Adams county on a change of venue.

Judge Louttit stated that he had this morning received fourteen letters of congratulation from republican members of the last legislature.

June B. Noyes, of West Superior, is the guest of his brother-in-law, Attorney George F. Felts. Mr. Noyes is largely interested in the Texas oil field and leaves today for Beaumont, where he has spent the greater part of the past year.

On the Harkenrider ditch in Pleasant township Jacob Shafer, John Ryan and William Hagan were appointed viewers.

OBJECTION OF FOREIGNERS WITHOUT EFFECT.

RUSSIA IS VERY OPTIMISTIC

BELIEVES A SETTLEMENT IS NEAR AT HAND.

Pekin, May 10.—The Americans have evacuated the districts under their control with the exception of the Forbidden City, which they will continue to occupy in spite of foreign opposition, unless orders to the contrary are received from Washington. As it will be impossible to turn over the American districts to the Chinese, who certainly would not be allowed to keep them independently, General Chaffee, in order to prevent chaos, notified Count Von Waldersee a week ago that he would evacuate today those portions adjoining the British district which were assigned to them and the remaining portions were assigned to the Germans.

The departure of troops for Manila has been delayed ten days, owing to the transport Indiana being quarantined at Nagasaki because of a case of smallpox on board. The American soldiers here have been vaccinated.

RUSSIANS OPTIMISTIC.

St. Petersburg, May 10.—Official circles take an optimistic view of the Chinese news. They consider that substantial and rapid progress toward an understanding is being made. Russia is especially interested in the proposal for a Chinese loan guaranteed by the powers jointly or severally to the amount due to each.

The view held in some quarters here is that such a loan so guaranteed would not only save China enormous discount and interest, but would be the best possible guarantee of the empire's integrity during the period of the loan, since the entire Chinese territory would be considered as security for the loan.

The correspondent of the Associated Press has reason to believe the United States government is fully informed regarding Russia's views on this subject. The Russian government, as always, is interested to ascertain Washington's views.

Samuel Hill, son-in-law of James J. Hill, arrives here Friday next to visit Charlemagne Tower, the United States ambassador. He will return to the United States by way of Vladivostock.

Mr. Hill is studying international transportation for American Pacific railroad and steamship interests.

MR. WU AND MR. CONGER MEET.

Washington, May 10.—Minister Wu and Minister Conger have paid an agreeable exchange of visits since the arrival in Washington of the American representative to China. The meeting was purely social, the American minister paying a call at the Chinese legation and Mr. Wu returning the compliment.

There was no discussion of the political aspect of the present situation in China, except in general comment on the difficulties attending an agreement when so many divergent interests were concerned.

MARRIED THURSDAY EVENING.

Reuben B. Pain, night engineer at the electric works, and Mrs. Richie LaGraw were united in marriage Thursday evening, the ceremony being performed in the presence of a few invited friends. Friends are extending cordial congratulations to the happy bride and groom today.

TO BE LEFT TO THE PEOPLE

WILL ASK MASS MEETING TO TAKE UP AUDITORIUM.

Various Views Expressed at Commercial Club Meeting—Other Business Transacted.

After a prolonged discussion of the auditorium matter, in the course of which the discouragements of the past and the possibilities of the future were gone over in much detail, the Commercial club at its meeting Thursday evening passed a resolution endorsing the recommendation of the committee that the whole proposition be referred to a mass meeting of the people to be called within a short time. There has been an infinite amount of work expended upon the project by the committee members and some of the solicitors without the returns hoped for, and it is felt that the people ought now to be asked to decide the matter.

Secretary Monning introduced the subject in an effective speech appealing for continued efforts toward securing the auditorium, and expressed the belief that patient solicitation would bring a fund sufficient to erect the building by next year at least Mayor Berghoff was called upon for an opinion, and gave it as his opinion that success could hardly be expected until the idea that the auditorium was a private enterprise was eliminated from the minds of the people. They must be made to feel that it is a public affair; that it will eventually belong the city and be placed in the city's care.

CITY OWNERSHIP.

If the building could be owned by the city, Mr. Berghoff thought it might remove much of the objection met by the solicitors in some quarters, and he suggested the construction of such a building in connection with a market house, something after the plan followed at Indianapolis in the case of Tomlinson hall. G. W. Beers, the committee chairman, said that city ownership might be the only solution of the problem, and he was personally in favor of it, but the committee had as yet found no way in which it could be legally turned over to the city. J. M. McKay, T. F. Thieme, Councilman W. J. Hosey, P. A. Randall and S. M. Foster also spoke upon the subject, the latter expressing the belief that the enterprise in its present form was a hopeless one. Mr. Randall and Mr. Thieme were both of the opinion that the matter ought to be left to the decision of a mass meeting of citizens, and the following resolution, presented by Mr. Monning, was adopted:

"It is the sense of the members of the Commercial club assembled that the decision of the auditorium committee for the call of a public mass meeting to secure an expression of popular opinion on the auditorium subject be endorsed, and every citizen be urged to be present."

OTHER MATTERS UP.

Messrs. Rogers, Shober and Rope, as a committee from the Trades and Labor council, asked the co-operation of the Commercial club in the effort to aid the consumption of cigars of home manufacture in preference to those from the outside, citing that if only home goods were used there would be from 250 to 300 cigarmakers employed in Fort Wayne instead of 125 as at present. The Commercial club voted to name a committee to aid in bringing about this result so far as is possible.

The isolation hospital question was taken up. Mayor Berghoff stating that he favored such an institution if it could be erected and maintained without extravagant expense. The committee, composed of Dr. E. J. McOscar, Dr. B. VanSwearingen and S. M. Foster, were directed to again take up the matter with the city council.

The Knights of Pythias transmitted an expression of thanks to the club for the use of the rooms on the occasion of the recent meeting of that fraternity.

Aaron Greensfelder broached the subject of a Fourth of July celebration, but the club adjourned without taking definite action upon it.

SELLS PLOWS IN PORTO RICO.

Washington, May 10.—United States Consul Brainard H. Warner, jr., at Leipsig, has called the attention of the state department to the fact that Germany has been exporting plows to Porto Rico during the past year.

GERMAN ENTERPRISE.

Washington, May 10.—A translation of an article in a Berlin publicaton regarding German enterprise in Central America has been received at the state department from Vice Consul General Murphy, at Frankfort, Germany. The article sets forth that fully $60,000,000 of German capital is invested in Central American enterprises. German plantations occupy an area of 740,000 acres. It is also stated that large German business houses in Nicaragua, Guatemala and Costa Rica, in addition to the entire traffic between Germany and Central America, control almost the entire foreign trade of the five republics with England and California. The shipping trade, also, along the Central American coasts is to a large extent in German hands.

HEAVY DOSE OF STRYCHNINE

TAKEN BY MRS. MONTROSE, WHO WANTED TO DIE.

Physician Saved Her Life—Troubles of a Fort Wayne Couple at Decatur.

(Decatur Democrat.)

Some excitement was created Saturday evening when it became known that Mrs. Al Montrose was lying in her room at the Miesse house hovering between life and death as a result of a dose of poison taken with suicidal intent. Mr. and Mrs. Montrose came here about two months ago from Fort Wayne, the former being engaged as a fancy sign painter for R. B. Gregory & Co. They have been stopping at the Miesse house and appeared to be getting along nicely. The first of last week the lady went away and it was rumored that they had separated. Saturday Mrs. Montrose returned and hearing some stories of infidelity on her husband's part is said to have created quite a scene about the hotel. She came down street about 4 o'clock, purchased some strychnine and going back to her room took a good sized dose. She was discovered soon afterwards by her husband. Dr. Coverdale was called and after several hours labor succeeded in getting enough of the poison pumped out of her stomach to save her life. She has improved steadily and yesterday was able to sit up awhile. Domestic tranquility has again been restored and peace will hereafter reign supreme in the Montrose household.

Keller read a paper on "Systematic Giving" and the discussion was participated in by Mrs. M. S. Willson and Mrs. L. R. Hartman. Rev. J. N. ADVERTISING BY GRAPHOPHONE.

A clever man in Birmingham, England, says the Chicago News, has hit upon a brilliant advertising scheme. It consists of automatically worked talking machines, imprisoned in pagodas, such as are used by the telephone company for some of their public call offices in the London streets. The machine describes an appetizing dinner that may be had at the Sign of the Dragon for a phenomenally small sum of money, or mentions, in persuasive tones, that the invisible and imprisoned speaker is wearing a swell suit of clothes from the Sartorial Emporium which is of really startling value, considering the nominal price at which it was purchased.

The Columbia Phonograph Co., No. 88 Wabash avenue, Chicago, headquarters for graphophones and talking machine supplies of every kind, will send you catalogues on application.

The man with the owe seems to be attracting a monopoly of attention.

Your Uncle Russ Sage has been pecking around Wall street for several generations and when he becomes a prophet of evil he generally "makes good."

The auditorium project is not dead, but it needs an infusion of that life which only active public support and co-operation can give it. The people will shortly be given an opportunity to settle one way or the other the fate of the enterprise.

President McKinley respected the tradition that a president of the United States shall not leave the national soil and did not, therefore, cross the border into Mexico. What some Mexicans fear is that Mr. McKinley or some other president will have so strong a desire to behold their land that he will escape the bonds of tradition by simply process of annexation.

Mayor Berghoff, by the mandate of a vast majority of the voters of Fort Wayne, has been placed at the head of the government of the city. He has promised the people the best administration of the laws and public affairs of which he is capable. His administration is but begun. He is entitled to the loyal support and co-operation of all citizens in every effort to make his administration beneficial to the community. Until he has proved recreant to his trust and false to his promises he deserves the confidence of all. No one doubts that he will redeem his pledges and confer the benefits of wise, clean and economical government on Fort Wayne. There is no personal or political advantage to be gained by anyone through indulgence of a spiteful and carping spirit. The result of Tuesday's voting cannot be sensibly quarreled with. That result was decisive and satisfactory.

There is some peculiar bedevilment in the rose-colored punch and other refreshments served at banquets which exercises a most unhappy spell upon the officers of the American army and navy who partake thereof. That so bluff and sensible a soldier as General Chaffee should give utterance to such a sentiment as that "never will you see Americans and Britishers facing each other in the field," and that if complications force a choice "our inclinations will be with Britishers," is difficult to believe, when the circumstances under which the remark was made at Pekin in the presence of officers of the allied armies are understand. Americans have faced British faces and occasionally British backs in the field and would "face Britishers" again if it ought to be done, though all Americans must hope it may never be the fate of the two great English speaking nations to again engage in war. As for our inclinations, practical interests and not sympathy will determine. General Chaffee should have consulted the delicacies of the occasion. His country it at peace with all the world.

LET THERE BE NO DELAY.

It is no longer a prospect but an actual condition to be dealt with in the charter amendments relating to the police and fire departments of this city. Governor Durbin, pursuant to the acts of the legislature, has appointed commissioners for Fort Wayne. Mayor Berghoff has continued the old board of safety in discharge of their functions. A question of the constitutionality of laws is involved and only the supreme court can finally settle it. To this issue the matter should be brought as speedily as possible. There is no reason for delay, but many reasons why there should be none. If the parties to the suit will unite in an effort to bring it about, a final decision can be had in the supreme court in a few weeks. Meanwhile by the same agreement conflict of authority may be avoided and the community spared the numerous distresses of two police boards attempting to administer the law in Fort Wayne. If the charter amendments are passed upon by the supreme court the contest will stop at once and for good and police affairs in Fort Wayne will be administered accordingly as the decision may direct. The election is over and the new administration inaugurated. No political advantage can accrue to democrats or republicans from delay of settlement of the vexed legal question. It can not be decided a day too soon for the general good of the city. Push the issue through the courts and let the situation be cleared as speedily as possible.

BOILED IN HIS OWN BEER VAT

SHOCKING DEATH OF A MILLIONAIRE BREWER.

Samuel Bolton's Body Found Cooked in a Vat in His Brewery at Troy, N. Y.

Troy, N. Y., May 10.—Samuel Bolton, jr., a millionaire brewer and one of the most prominent and influential business men of this city, has been found dead in a vat of boiling beer. His body was literally cooked and death must have been instantaneous.

Much mystery surrounds the circumstances, which the authorities are trying to unravel.

One singular feature of the case is that Mr. Bolton's hat and watch and chain were found on the floor near the vat. Despite this, friends of the dead millionaire are of the opinion that his shocking end was due to an accident.

Mr. Bolton arose in his usual condition of health and went to his place of business, the Bolton brewery, at the customary hour. Later in the day he was found in the vat of boiling beer on the second floor.

Nobody about the brewery seems to be able to throw any light upon the circumstances and apparently no one saw him go to the second floor of the building.

At the time of his death Mr. Bolton was president of the Beacon Electric Light company, director of the Manufacturers' bank and the People's National bank, a member of the Riverside club, president of the Star Knitting company of Cohoes, and also connected with the Empire State Power company and other corporations.

IN JUSTICES' COURTS.

Justice Bullerman had a field day today. The cases against John Himbert for violation of the Nicholson law were tried and the defendant was acquitted. In the cases against Frank Fremion, William Mommer, et al., for violation of the fish laws, all the cases were dismissed except the one against Fremion, who was fined $5 and costs. The others had already been fined on similar charges. John Cain pleaded guilty to profanity and was fined $1 and costs, the other charge against him for provoke being dismissed. Mr. Cain has now gone the rounds with the exception of a case still pending in Taney's court. Several affidavits were filed against a couple of boys who hang around the mission church in the west end. The affidavits were filed by a couple of young girls who claim the boys provoked them. John Dawson was arrested and brought into court charged with defrauding Georgia Bowen out of a board bill. Dawson pleaded poverty, but said he would confess judgment and discharge his obligation at the rate of $5 every two weeks if the criminal charge was dismissed. This was agreed to.

President McKinley, in answer to repeated calls, said a few words to the assembled throngs. The party will leave for the north this afternoon.

O'BRIEN'S PAPER SEIZED.

Dublin, May 10.—The police of Cork, Limerick and other towns of Ireland seized all the copies of Mr. William O'Brien's weekly paper, The Irish People, found at the news dealers today. The offending articles, it now appears, were abusive attacks on King Edward, Cardinal Vaughan and the address to the king, which the paper declares, was such as might have been presented to a Legree half a century ago. The article finds consolation in the fact that the presentees were English Catholics "who are repudiated by the only really Catholic nation now in existence. The loyalists represented England only, and if the English Catholics choose to acknowledge themselves superstitious idolators it is no fault of ours."

PRESIDED AT POLICE COURT

MUNICIPAL JUDGE LOUTTIT ASCENDS BENCH.

Mayor Swears Him In On Certificate of Election—His Position to Be Contested.

William Berry has the honor of being the first man to receive sentence in the new municipal court of Fort Wayne.

George W. Louttit, having presented his election certificate to Mayor Berghoff, that dignitary yesterday afternoon swore him in as judge of the municipal court. In explaining his position the mayor said that he holds that the legislature had a right to enact a law creating a municipal court in this city and that the governor had a right to make an appointment to fill an existing vacancy up to the date of a general election. The law amending the Fort Wayne charter became operative immediately after the governor attached his signature, and a general election coming subsequent to that time it became the duty of the electors to select a person to fill the position created by the establishment of the court. Mr. Berghoff said he was not posing as a supreme court, but that a reading of the law made his duty in the matter plain to him at least, and he acted accordingly. If, when the constitutionality of the law is passed upon, his position is sustained, Governor Durbin will be obliged to issue a commission. Until Mr. Louttit receives such commission he cannot draw any pay for his services as police judge.

But to return to Mr. Berry, who was standing in front of the judge. He was charged with being drunk and he pleaded guilty to the charge, whereupon he was sentenced to pay a fine of $1 and costs and stand committed until the same was paid or replevined. The new judge overlooked the cigars.

William Dalamater reported that a banjo had been stolen from him at Hunt's saloon, on Calhoun street, last night. Detective Coling was sent out to investigate the matter.

EVEN REPUBLICANS REBELLED.

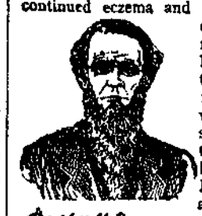
(Lafayette Journal.)

Fort Wayne never went so strongly democratic as in the recent election. Even the republicans up there rebelled at the Marion county scheme for controlling the state.

F. H. Schoumann went to Adams county yesterday to attend the marriage of his nephew, William Schoemann, of Marion township, to a Miss Oetting.

Eczema for Forty Years.

The Unqualified Statement of a Well Known Attorney, St. Ignace, Mich.



Some of the cures made by Dr. A. W. Chase's Ointment of stubborn and long continued eczema and skin diseases are causing much comment. People are beginning to realize that this Ointment is a wonder worker with all kinds of skin trouble. Attorney James J. Brown, St. Ignace, Michigan, writes as follows:

Dr. A. W. Chase Med. Co. Buffalo, N. Y.—Gents:—I cannot refrain from expressing my acknowledgement for the relief I have felt from Dr. Chase's Ointment. For 40 years I was afflicted with a skin disease which was located in one spot—on my leg. I have spent at a rough estimate five hundred dollars trying to effect a cure, and not until I applied this ointment did I get relief. You are strangers to me and this letter is prompted directly because I want to say and I feel as though I ought to say it. That Chase's ointment has effected a complete cure of my affliction. Three boxes did the work on my leg. I was also suffering from itching piles and applied the ointment which gave the best of satisfaction by affording me rest at night and rapidly causing the disease to disappear. I have received such relief and comfort from the ointment that I cannot withhold expressing my gratitude. I was so long afflicted with the tortures of eczema, I feel now that I am cured, a word of recommendation is due from me. Yours truly,

JAMES J. BROWN.

Dr. Chase's Ointment is sold at 50 cents a box at all dealers or Dr. A. W. Chase's Medicine Co., Buffalo, N. Y.

EDITOR WILLIS' OPINION.

(Waterloo Press.)

As might have been expected, the city election at Fort Wayne Tuesday resulted in a complete democratic victory, with the exception of republican gains in councilmen, and from latest reports the republicans only succeeded in frightoning the democratic newspapers before the election. The contest was very bitter and personal, attacks were made, not only upon the candidates, but also upon citizens not up for office. The manner in which the campaign was conducted was a disgrace to modern citizenship, and such vituperious conduct seldom results in any good to a community.

BELIEVE IN HOME RULE.

(Kokomo Dispatch.)

The people of this country believe in home rule. The outrageous action of the recent legislature in seeking to take control of municipal affairs from the people at Fort Wayne and place it in the hands of a partisan board appointed by a partisan governor, with the particular object of strengthening a political machine, was roundly rebuked in the Fort Wayne election Tuesday. The democrats carried the city by the largest majority cast in recent years, securing councilmen in every ward but one.

(Columbia City Post.)

Wednesday afternoon the board granted to Vallorous Brown a franchise which will allow him to construct and operate an electric railroad through the northeast part of Smith township, on what is known as the Goshen road. This is a link of a proposed line from Fort Wayne to Goshen.

THE CLOUDS LIFT

(Continued From First Page)

back to 108; Western Union was firm around 93.

THE RALLY CONTINUED

The rally in prices continued to the close and were generally the best of the day.

Judge Gildersleeve said today that the order to show cause in the Northern Pacific case was issued by him at his house last night on the application of counsel for Bernard Smith.

The plaintiff, Smith, claimed to have sold 200 shares of Northern Pacific "short" to a broker. He alleged that the broker was acting for parties who held all the stock at the time and that the party to whom he sold the stock knew it was impossible for the plaintiff to carry out his contract to deliver it.

Under these circumstances Smith asked that the person to whom he sold the 200 shares of stock be enjoined from enforcing his claim for its delivery.

The usual bond to be given by the plaintiff to indemnify the defendant from loss should the injunction not be continued was not filed and no steps to serve the preliminary injunction on the defendants were taken.

WALL STREET SCENES.

New York, May 10.—The calm that succeeds the storm pervaded Wall street today. The settlement with Northern Pacific shorts largely eliminated the element of danger that by mysterious process created the alarm of yesterday, and that statement that the stock clearances of yesterday had been made without the dishonoring of a single check seemed to lay the cornerstone of a new fabric of confidence.

The market opened in a rather feverish and unsettled state and there was a rather sharp decline in prominent stocks, but later the market steadied down and prices recovered their earlier losses and began to advance

There was keen interest manifested in the final result of the contest for supremacy in Northern Pacific. The leading contestants remain silent and conservative opinion prefers to wait until there has been a count.

Kuhn, Loeb & Co. declined to discuss the situation and J. P. Morgan & Co. showed a similar disinclination to take the public into its confidence.

There is a growth in the belief that the latter house has succeeded in retaining the control and somewhat of a revulsion in the sentimental feeling that swept the financial district yesterday.

Both houses were engaged in their settlements with the shorts and all through morning reports of the latter streamed in to arrange the reckoning.

It was work that lacked in cheer. Rain fell in drenching sheets and Broad and Wall streets were toadstool gardens of umbrellas. The strongest impression that an observer got in the street was exhausted and worn-out men.

The machinery of finance is human after all and friction tells upon it. There was first a period of tremendous activity that tested the strength of the strongest, and then two days of effort that was supreme and that left its victims physically drawn and mentally dull. There is no longer room for doubt that the storm has been weathered

The banks and larger financial interests are at work in rebuilding confidence and stand ready to further protect the market.

The losses yesterday were stupendous. One commercial paper places the losses in the bucket shops throughout the country yesterday at $30,000,000, and if the figure is anything like correct it conveys a profound impression of the shrinkage in the legitimate places

Naturally the greater part of these were losses on paper, but they were all sufficiently tangible to be counted by owners and could at one time have been realized upon in cash.

The other side of the story is short, but it is full of tales of Yankee enchantment. The men who had little dribs and drabs of Northern Pacific and claimed fortunes on them are generally the heroes of these tales. Then there were the few men who were wise enough to profit by the slump of yesterday and got the opportunity to do so.

Everywhere in the street today they are holding post mortems. Some of these inquiries show that there are men whom a quick recovery of the market alone will save from ultimate bankruptcy.

The holiday tomorrow and the fact that Sunday follows will, it is felt, have a tendency to further steady the market The managers of the consolidated exchange have also decided to suspend operations tomorrow, so there will be a great deal of housecleaning over Sunday.

Some small blocks of stock were sold under the hammer on the consolidated exchange today to meet the obligations of the concerns which went under yesterday.

BROKERAGE FIRM FAILS

New York, May 10—Albert Thomas Jackson and Samuel C. Jackson, doing business as stock brokers, today assigned for the benefit of their creditors. Jackson Bros. were members of the Consolidated Exchange. The primary cause was said to be the failure of their customers in the city and out of town to meet calls for extra margins. The liabilities are under $100,000.

FIND MCCORMICK BOY'S BODY

New York, May 10—The body of Willie McCormick, who disappeared from his home in this city some weeks ago, was found in Cromwell Creek at One Hundred and Sixty-first street and Railroad avenue The body was identified by the boy's sister.

Amos Rusie pitched for the first time in three years yesterday for Cincinnati against St. Louis, at the former city. Pitted against him was Harper, with Fort Wayne last season, and the ex-Hoosier made by far the best showing, only six hits being made off his delivery. Nineteen bingles were made off the great and only Amos by the St. Louis sluggers.

Instead of—

buying biscuit, crackers and wafers in a paper bag, or a piece of paper, you should get them in the In-er-seal Patent Package.

Instead of having them handled over and over again, no one touches them from the time they leave the oven until they reach your table.

Instead of keeping them in a cracker jar to get stale and musty you keep them in the package, and the package keeps them fresh.

Instead of telling the grocer to send you anything he has, just say you want the kind that come in the In-er-seal Patent Package.

INTER SEAL

When you order Soda, Milk, Graham and Oatmeal Biscuit, Ginger Snaps, Vanilla Wafers and Reception Flakes, insist on getting those which come in the In-er-seal Patent Package. Don't take a substitute. Look for the In-er-seal trade mark design at the end of the box.

Goodness and Cheapness

Combined in Fort Wayne Outfitters Co.'s Furniture

It is not at all necessary that knowledge of the beautiful and unlimited wealth should go hand in hand; it cannot be denied that in many houses where the income is limited the taste exhibited in furniture and arrangements is very often superior.

You cannot afford to buy furniture that is not up-to-date in style and in quality; it is expensive in the end.

Never compare prices without comparing quality; you will find more difference in quality than in price.

Poorly made furniture detracts from your surroundings, will become distasteful to yourself and looks vulgar to the refined.

Complete house furnishings, special offers that are winning us hundreds of friends every week. You cannot buy these goods separately elsewhere in Fort Wayne for twice the amount we ask. Come and see us.

MARKET HAS A FIRMER TONE

CONVULSION IN NORTHERN PACIFIC CONTROLLED.

ALL STOCKS RISE RAPIDLY

THE FIELD OF FIERCE BATTLE SURVEYED.

New York, May 10.—Sentiment in the financial world was much reassured today by the announcement made last night that the shorts in Northern Pacific were to be settled with at 150, thereby ending the corner in the stock. Brokerage offices were filled with speculators at an early hour, and to some of the larger houses admission was to be had only by ticket.

Before the New York opening interest centered in London's quotations and when these came much higher than yesterday's New York close the better feeling became stronger and the New York opening prices were awaited with a confidence in marked contrast to the complete demoralization that prevailed on every hand yesterday morning.

HIGHER IN LONDON.

A dispatch was received from London saying that at 1:45 in that city all American securities were higher, with St. Paul quoted at a price equal to a 20-point advance, and Union Pacific showing a rise of 10 points. The 12:30 prices in London (the figures given are the New York equivalent with the changes from yesterday's New York close, were as follows: Atchison, 70¼; advance, 3⅛. Canadian Pacific, 98⅜; advance, 1⅜. St. Paul, 159½; advance, 18½. Illinois Central, 133; advance, 1⅛. Louisville and Nashville, 96⅜; advance, 1¼. Erie, 33⅜; advance, ⅜. United States steel, 40⅞; advance, ⅝. United States steel preferred, 92¾; advance, 3¼. Anaconda, 45⅝; advance, 3⅛. Northern Pacific sold in London at a price equivalent to 134½ in New York.

The London extreme quotations showed further advances. Atchison preferred being up 2⅝. Baltimore and Ohio 2⅝. Mexican Central 2⅜. Louisville 1⅛ and Chesapeake and Ohio 2⅜.

THE FIRST QUOTATION.

The first quotation on the ticker tape recorded a sale of Amalgamated copper at 108, a rise of 3 points, and this was followed by a sale of Reading first preferred at 71½, as against 70 at yesterday's close, and as sale after sale of various stocks showed higher prices, the traders felt that the worse was over.

The anxiously looked for opening of Northern Pacific was a transaction of 300 shares at 150, and this was taken as an indication that all of the minor holders of the stock had decided to settle with the shorts at the figures agreed upon by J. P. Morgan & Co. and Kuhn Loeb & Co.

Amalgamated copper rushed up to 110½, and St. Paul sold at 155, United States steel preferred at 92, Louisville at 99½, Union Pacific at 95, Atchison preferred at 95, Burlington at 188 and Missouri Pacific at 100, all of these figures indicating substantial improvements from last night.

MARKET VERY FEVERISH.

In spite of the better tone, however, the market was very feverish and price changes after the first spurt became wide and erratic. There was much doubt on the street as to whether the decision of the holders of Northern Pacific to be easy with the shorts meant more than a temporary truce between the conflicting interests.

Many securities have sold at their high record figures recently on the belief that they would enjoy much benefit from one or the other of the vast consolidation schemes for which different railroad managers were working, and some hesitation to buy was caused by fear that the hostilities developed during the Northern Pacific contest might delay indefinitely or prevent altogether the plans for extensive combinations of railroad capital under closely centralized management.

SOME CHEERING NEWS.

At about 10:20 the cheering news was given out that the stock exchange had officially announced the successful passing of all clearing sheets and the honoring of all checks given by exchange members yesterday. This announcement effectually disposed of the rumors current yesterday that certain houses would be unable to meet their obligations on yesterday's contracts.

The trading became so feverish around 10:30 that it was very hard to follow the price changes, but there was a notable absence of the rush to sell, which was the distinguishing characteristic yesterday morning.

Amalgamated copper held firm around 110, Southern Pacific at 47, Atchison at 70, Atchison preferred at 93, Manhattan at 109½, Brooklyn rapid transit at 75 and Louisville around 96⅜.

Steel on large transactions kept close to 42. Rock Island fell back from the opening price of 150 to 147. Continental tobacco was strong, selling at 491½; Pennsylvania sold at 145 and Texas and Pacific at 41.

Southern railway recovered to 29, and Canadian Pacific touched par.

There was a sale of 100 shares of Northern Pacific at 151. At 10.45 the market showed a quieter tone, with prices holding steady.

HEAVY SELLING OF STEEL.

There was heavy selling of the steel stocks, said to be for Chicago account, but it seemed to be well taken and the price fluctuated from 41 to 42 for the common and from 91 to 92 for the preferred.

About 11 o'clock the general list became stronger, Union Pacific rising from 92½ to 94 and Missouri Pacific sold up to 101.

There was a further clearing of the financial atmosphere when it was announced that an order to show cause obtained in the supreme court, directing certain persons to show cause why they should not be restrained from trading in Northern Pacific, would not be served, the agreement to settle at 150 having been accepted as satisfactory.

Arthur R. Linburger, who obtained the order, said that in light of the settlement made with the shorts the order would not be served and that the matter would be allowed to drop.

Most of the buying this morning was believed for investment account, as commission houses deprecated trading on margins for the present.

The transactions on the exchange continued quiet, but with a firm undertone, up to 11:30 and then the further reassuring news was given out that J. P. Morgan & Co. would renew at 6 per cent. all loans made by them yesterday. A. A. Houseman & Co. announced that they would renew all of yesterday's loans and would lend an additional $1,500,000 at 6 per cent.

At 11:45 the entire list was strong. Northern Pacific sold on the exchange at 160, but at the same time Kuhn, Loeb & Co. were settling at 150.

A STRONGER TONE.

After 12 o'clock a stronger tone developed on the stock exchange and Union Pacific went up to 98½, Amalgamated Copper to 111, American Tobacco to 118. Atchison preferred to 94½, Wabash preferred to 36, Rock Island to 160 and Baltimore and Ohio to 99. To judge by the tape the frantic desire to sell seemed ended and the belief gained ground that the worst of the trouble was a thing of the past.

PRONOUNCED STRENGTH.

About 1:15 p. m. the strength throughout the general list became very pronounced and prices advanced all around rapidly. Erie sold at 36, Amalgamated copper at 115½ and Union Pacific at 105, the latter stock showing a rise of 15 points as compared with the last sale yesterday. Atchison common recovered to 72½. Manhattan shared in the tally and reached 115, Southern Pacific touched 43½ and American sold at 121.

There was a conference at the Gallatin National bank today, between President F. D. Tappen, of that institution, and J. Edward Simmons, of the Fourth National. At the close of the conference Mr. Simmons said the money market would be protected.

The conference between Messrs. Tappen and Simmons was equivalent to a meeting of the clearing house committee, for Messrs. Nash, of the Corn Exchange bank, and Williams, of the Chemical National bank, are both in Europe.

HIGHEST RECORD BROKEN.

Yesterday's tremendous business on the stock exchange was reflected in today's exchange of bank checks, which aggregated $598,537,410, and which broke the record of $562,817,206 made on Tuesday last. The balances were $23,873,116, the second largest on record, and comparing with the record of $24,170,338 on March 5.

After 1:30 the market became very buoyant and under the leadership of a sensational rise in Union Pacific to 112, 22 points above last night's close and 36 points above yesterday's low point, the entire list made rapid progress toward higher prices.

Continental tobacco sold at 54, a rise of 5 points over last night; Texas Pacific went to 45⅝, and St. Paul to 157⅝. Union Pacific fell

LAW IS INVALID

OLD WATERWORKS BOARD YET IN EXISTENCE.

AN IMPORTANT DISCOVERY

CHARTER AMENDMENT HAS A SERIOUS FLAW.

THE OLD BOARD CONTINUES

DISCOVERY WAS RESULT OF AN ACCIDENT.

The first genuine flaw in the new charter amendments was discovered yesterday by an attorney who was annotating his copy of the revised statutes from the acts of 1901. The flaw relates to the abolition of the waterworks board and the conferring of their powers upon the board of public works; the mistake is so glaring that republican lawyers, including Judge Vesey, who assisted in drafting the amendments, admit that there is no way to remedy it. The section in question is No. 136 and as it stands it is an amendment to an act that was previously amended, and is, therefore, clearly void. The effect is that the duties of the water works department again revert back to the old board of water works trustees, and will be taken out of the department of public works. Had the error been discovered thirty days ago a new board of water works trustees might have been elected last Tuesday, but as it is, the old board will be reinstated and under a constitutional provision, they will serve until their successors are duly elected and qualified.

In 1879 a special act was passed by the legislature, providing for the creation and maintenance of a board of water works trustees for the city of Fort Wayne, and it was under the said act that the Fort Wayne department was operated.

In 1893 when the original Fort Wayne charter was passed, the law of 1879 regarding the board of waterworks trustees was incorporated as Section 136, of the charter, and the law of 1879 thereby became void. When the charter amendments were passed in 1899 making the terms of the city officers three years for the last term, so as to throw the elections into an odd year, Section 136, of the acts of 1893, relating to waterworks trustees was also amended, so as to prevent the necessity of a special election for that department.

The 1899 amendment, or that part of it amending section 136 of the act, reads: "* * * Repealing all laws in conflict with this act and declaring an emergency, approved March 25, 1879, and all laws amendatory thereof and supplementary thereto. Such trustees shall be elected by the qualified voters of said city at said city election, to be held on the first Tuesday of May, 1901, and every two years thereafter, and shall hold their office for a term of two years," etc.

In the last charter amendments, the title of the bill reads:

"An act to amend sections 42 * * and 136 of an act * * * approved March 3, 1893, and repealing all laws in conflict therewith, etc.," and in the body of the action the following language is used:

"Sec. 136. In any such city in which waterworks have been constructed or are now in process of construction or extension, or wherein waterworks shall hereafter be ordered, the said waterworks shall be under the authority, direction and control of the board of public works, hereinbefore created, who shall have and possess all the power and be under the obligations and do and perform all duties now conferred upon the trustees of waterworks, under and by virtue of an act of the general assembly of this state, entitled, 'An act to authorize cities and incorporated towns to, construct, maintain and operate waterworks, issue and sell bonds to pay for such construction, repealing all laws in conflict with this act and declaring an emergency,' approved March 25, 1878, and all laws amendatory or supplementary thereto. Boards of waterworks trustees heretofore existing in such cities shall be and are hereby abolished and all of their powers and duties shall be and are hereby conferred upon the board of public works of said city."

Here, then, is a section repealing a section of the law of 1879 which had already been repealed, and amending a law which had already been amended. The proposition, therefore, is plain upon the face of the acts that the amendment of the legislature of 1889 has never been affected, and that the law abolishing the waterworks board is absolutely void, and therefore the amendment of 1899 is still in force. It will require no supreme court to pass upon this question, as it is so evident that any lawyer who reads it and compares it with the previous acts at once will see the futility of raising even a question on it.

The board of works was to have had a meeting tonight as a waterworks board, but on the advice of the city attorney the meeting has been postponed until the department can be reorganized according to law.

A CURIOUS ACCIDENT.

Ludewigshafen, Bavaria, May 10.—A curious accident occurred today to the Strasburg express by which a woman was killed and several other persons were injured. Owing to the air brakes failing to work the train dashed through the station wall, crossed a street thirty yards wide, ploughed through a freight train on the harbor siding, and went over an embankment into the harbor.

IN PURSUIT OF CAILLES.

Manila, May 10.—Cailles, the insurgent leader in Laguna province, is being closely chased. He is supposed to have gone southward of Laguna province and is not likely to surrender, fearing paying personal penalty for his numerous assassinations. A hundred insurgents, Tuesday evening, attacked Paglilnc, in Tayabas, which province was considered to be pacified. The insurgents were repulsed without loss. A detachment of the Twenty-first Infantry routed 150 rebels at Zurbano's Camp, near Lusban, and captured a large quantity of supplies.

ADMIRAL SCHLEY IN LONDON.

London, May 10.—Rear Admiral Schley has arrived in London on his way to the United States. He is accompanied by Lieut. James H. Sears. The admiral is visiting his daughter's relatives, the Stuart-Wortleys. He will dine with Mr. Choate, the United States ambassador, tonight, and will stay here about ten days before sailing for New York.

SALISBURY VERY ILL.

New York, May 10.—A dispatch to the World from London says: The statement has been given out that Lord Salisbury will be brought back to London by Saturday, but that he is not well enough to resume work. It is admitted that his condition is causing anxiety, as he shows no recuperative power.

TO GET ASPHALT

JEFFERSON STREET CITIZENS WIN A HARD FIGHT.

ACTION TO BE TAKEN TODAY

DECISION OF OLD BOARD TO BE RESCINDED.

MAYOR OUTLINES HIS POLICY

THE POLICE COMMISSIONERS AGAIN PRESENT BONDS.

The bitterst fight that has ever been waged in this city between rival concerns for a paving material contract has been practically finished and the asphalt interests which, with a number of the most prominent property owners on Jefferson street, have been battling against brick, which a majority of the old board had decided upon, have won a victory. The board of works met again this morning to again consider the Jefferson street paving matter.

It is now conceded that the asphalt advocates were in the right and that the board had no right to refuse reinstatements before midnight of the day that the final selection was made. The brick men, it is understood, have practically laid down and given up the fight, and there remains now nothing to be done save hearing the official opinion of the city attorney, which will be given this afternoon at 3 o'clock, and then changing the selection of material from brick to asphalt. The asphalt men have about 2,500 feet to the brick men's 1,000 feet.

CITY ATTORNEY'S OPINION.

Late this afternoon City Attorney Shambaugh filed a written opinion, in which he holds that five days means five days of full twenty-four hours each and that the law clearly contemplates no recognition of a fractional part of a day as a full day. Therefore, the petitioners in the paving matter had a right to have their petition one way or the other considered by the board. The board will doubtless make the award to asphalt this afternoon.

MAYOR MEETS WITH BOARD.

Mayor Berghoff met with the board of public works today and explained his policy to them. He said that he would not make any recommendations to them regarding the employing of persons in their department further than that he wanted them to give employment to those whom they considered most in need and to employ no persons at all times unless their services were actually needed; he wanted no political jobs given out. He stated further that all down town streets must be cleaned every night. He gave some advice on matters in general and said he hoped for their hearty co-operation. He added that as soon as the board of safety organized he would call a meeting of all the boards and the heads of all departments and that such joint meetings would be held in the future once every month for a general discussion of matters concerning the city's general welfare.

COMPTROLLER FOX'S BOND.

Comptroller Joseph V. Fox this morning presented his bond in the sum of $150,000, signed by himself and S. E. Fleming, Charles McCulloch and A. B. Trentman as sureties. The mayor approved the bond and Mr. Fox was duly installed. He appointed Oscar Brokaw his assistant and took control of the finances of the city forthwith. There is no likelihood of Mr. Fox's political enemies, if he has any, making any kick of insufficiency of bond. The law requires that the comptroller shall give a bond of only $5,000, but Mr. Fox went the law just $145,000 better; Comptroller Berghoff had done the same thing

MR. DREIBELBISS' BOND.

Robert Dreibelbiss, who is still a private citizen de facto, called upon Mayor Berghoff this morning and formally presented his commission as judge of the municipal court, and offered a sufficient bond in the sum of $2,000. The mayor declined to recognize the commission or accept the bond on the ground that a judge had already been elected by the people at last Tuesday's election, the said judge had presented himself with his bond, which had been accepted and the judge was sworn in. Consequently Mr. Berghoff said inasmuch as there was one judge on the city bench and there not being room for two, he was obliged to refuse Mr. Dreibelbiss' presents. Mr. Louttit's bond is in the sum of $2,000 and is signed by J. R. Bittenger, Henry C. Paul and Herman Michael.

THE POLICE COMMISSIONERS.

Today was the day set for the hearing of the mandamus proceedings against H. C. Berghoff as comptroller, in which proceedings William Genke, A. B. Trentman and Charles S. Bash are the plaintiffs. The election of Mr. Berghoff as mayor and the appointment of Mr. Fox as comptroller, seemed to put a new phase on the matter in the eyes of the plaintiffs and they agreed to allow the matter to go over for a day or two. Meantime the three gentlemen named as police commissioners again presented themselves at the city hall and made a formal tender of their bonds to Comptroller Fox. The comptroller declined to accept the bonds on the same grounds as those given by Mr. Berghoff last week. The gentlemen then went away. It was rumored that they would present themselves to County Clerk Belot and ask to be qualified, but up to a late hour this afternoon no such action had been taken and the understanding now is that new proceedings will be commenced, naming Comptroller Fox as the defendant. If this is done it is probable that the matter will be pushed through the courts as rapidly as possible, so that a final decision can be had on the question which is now keeping several of the most important departments of the city in suspense.

The board of safety has not yet been reorganized. This morning George H. Wilson presented his bond in the sum of $5,000, with W. H. Hoffman and J. W. White as sureties, and L. C. Kasten presented his, with Charles Stellborn and F. H. Fehling as sureties. As soon as Mr. Buck presents his the board will be organized and the mayor will explain to them just exactly what he expects them to do and how.

ABOUT THE CITY HALL.

The new board of works met at the city hall last evening and proceeded to organize, Mr. Eggeman being unanimously re-elected chairman. A small amount of routine business was transacted, the principal part of the time being occupied in listening to arguments on the West Jefferson street pavement proposition. Withdrawals from the brick petition were presented from Caspar Guthermuth, Catherine Sanders and Mrs. Mary Graefe, and Attorneys Colerick & Thomas and Genke & Ballous presented communications setting forth that the withdrawals from the brick petitions and the reinstatements on the asphalt petitions show considerably more than a two-thirds majority in favor of asphalt, and they therefore asked that the board rescind its action in the matter of the adoption of brick and substitute asphalt instead. Final action on the matter was postponed until today.

Last evening retiring Clerk H. B. Monning was cornered by Mayor Berghoff, who, on behalf of the city hall attaches, presented him with a very handsome Elks charm of beautiful design and workmanship. Mr. Monning stammered his thanks, concluding with something which sound very much like "W'll you have?" This morning Officer John Tremmel corralled ex-Mayor Scherer in the clerk's office and on behalf of the same crowd presented him with a gold watch charm, perfectly plain, rectangular in shape and bearing a solitaire diamond on one side. The mayor promptly handed around copious mugs of fresh Swinney park water.

The election commissioners met at the city hall today and destroyed all the ballots, packages of returned ballots, etc., remaining from the election last Tuesday, as required by law.

The bondsmen of the new board of works are as follows: Eggeman, John Dreibelbiss and Will Bostick; Doehrman, Anslem Fuelber and August Freese; Zollinger, George Gale and George H. Loesch.

Mayor Berghoff announces that he will not in any way interfere with the several heads of departments in the appointment of subordinates and that therefore it will be entirely useless and only a waste of time for persons to apply to him for positions. "I selected those heads of departments because I thought they are capable of attending to their own business," said Mr. Berghoff, "and I propose to hold them responsible for good service. This I could not do if I interfered with them, and I will not do it."

The Fourth street railway crossing case will be tried at Decatur, commencing on the 20th inst. The case was taken to Adams county on a change of venue.

Judge Louttit stated that he had this morning received fourteen letters of congratulation from republican members of the last legislature.

June B. Noyes, of West Superior, is the guest of his brother-in-law, Attorney George F. Felts. Mr. Noyes is largely interested in the Texas oil field and leaves today for Beaumont, where he has spent the greater part of the past year.

On the Harkenrider ditch in Pleasant township Jacob Shafer, John Ryan and William Hagan were appointed viewers.

OBJECTION OF FOREIGNERS WITHOUT EFFECT.

RUSSIA IS VERY OPTIMISTIC

BELIEVES A SETTLEMENT IS NEAR AT HAND.

Pekin, May 10.—The Americans have evacuated the districts under their control with the exception of the Forbidden City, which they will continue to occupy in spite of foreign opposition, unless orders to the contrary are received from Washington. As it will be impossible to turn over the American districts to the Chinese, who certainly would not be allowed to keep them independently, General Chaffee, in order to prevent chaos, notified Count Von Waldersee a week ago that he would evacuate today those portions adjoining the British district which were assigned to them and the remaining portions were assigned to the Germans.

The departure of troops for Manila has been delayed ten days, owing to the transport Indiana being quarantined at Nagasaki because of a case of smallpox on board. The American soldiers here have been vaccinated.

RUSSIANS OPTIMISTIC.

St. Petersburg, May 10.—Official circles take an optimistic view of the Chinese news. They consider that substantial and rapid progress toward an understanding is being made. Russia is especially interested in the proposal for a Chinese loan guaranteed by the powers jointly or severally to the amount due to each.

The view held in some quarters here is that such a loan so guaranteed would not only save China enormous discount and interest, but would be the best possible guarantee of the empire's integrity during the period of the loan, since the entire Chinese territory would be considered as security for the loan.

The correspondent of the Associated Press has reason to believe the United States government is fully informed regarding Russia's views on this subject. The Russian government, as always, is interested to ascertain Washington's views.

Samuel Hill, son-in-law of James J. Hill, arrives here Friday next to visit Charlemagne Tower, the United States ambassador. He will return to the United States by way of Vladivostock.

MR. WU AND MR. CONGER MEET.

Washington, May 10.—Minister Wu and Minister Conger have paid an agreeable exchange of visits since the arrival in Washington of the American representative to China. The meeting was purely social, the American minister paying a call at the Chinese legation and Mr. Wu returning the compliment.

There was no discussion of the political aspect of the present situation in China, except in general comment on the difficulties attending an agreement when so many divergent interests were concerned.

TO BE LEFT TO THE PEOPLE

WILL ASK MASS MEETING TO TAKE UP AUDITORIUM.

Various Views Expressed at Commercial Club Meeting—Other Business Transacted.

After a prolonged discussion of the auditorium matter, in the course of which the discouragements of the past and the possibilities of the future were gone over in much detail, the Commercial club at its meeting Thursday evening passed a resolution endorsing the recommendation of the committee that the whole proposition be referred to a mass meeting of the people to be called within a short time. There has been an infinite amount of work expended upon the project by the committee members and some of the solicitors without the returns hoped for, and it is felt that the people ought now to be asked to decide the matter.

Secretary Monning introduced the subject in an effective speech appealing for continued efforts toward securing the auditorium, and expressed the belief that patient solicitation would bring a fund sufficient to erect the building by next year at least. Mayor Berghoff was called upon for an opinion, and gave it as his opinion that success could hardly be expected until the idea that the auditorium was a private enterprise was eliminated from the minds of the people. They must be made to feel that it is a public affair; that it will eventually belong the city and be placed in the city's care.

CITY OWNERSHIP.

If the building could be owned by the city, Mr. Berghoff thought it might remove much of the objection met by the solicitors in some quarters, and he suggested the construction of such a building in connection with a market house, something after the plan followed at Indianapolis in the case of Tomlinson hall. G. W. Beers, the committee chairman, said that city ownership might be the only solution of the problem, and he was personally in favor of it, but the committee had as yet found no way in which it could be legally turned over to the city. J. M. McKay, T. F. Thieme, Councilman W. J. Hosey, P. A. Randall and S. M. Foster also spoke upon the subject, the latter expressing the belief that the enterprise in its present form was a hopeless one. Mr. Randall and Mr. Thieme were both of the opinion that the matter ought to be left to the decision of a mass meeting of citizens, and the following resolution, presented by Mr. Monning, was adopted:

"It is the sense of the members of the Commercial club assembled that the decision of the auditorium committee for the call of a public mass meeting to secure an expression of popular opinion on the auditorium subject be endorsed, and every citizen be urged to be present."

OTHER MATTERS UP.

Messrs. Rogers, Shober and Rops, as a committee from the Trades and Labor council, asked the co-operation of the Commercial club in the effort to aid the consumption of cigars of home manufacture in preference to those from the outside, citing that if only home goods were used there would be from 250 to 300 cigarmakers employed in Fort Wayne instead of 125 as at present. The Commercial club voted to name a committee to aid in bringing about this result so far as is possible.

The isolation hospital question was taken up, Mayor Berghoff stating that he favored such an institution if it could be erected and maintained without extravagant expense. The committee, composed of Dr. E. J. McOscar, Dr. B. VanSweringen and S. M. Foster, were directed to again take up the matter with the city council.

The Knights of Pythias transmitted an expression of thanks to the club for the use of the rooms on the occasion of the recent meeting of that fraternity.

Aaron Greenfelder broached the subject of a Fourth of July celebration, but the club adjourned without taking definite action upon it.

SELLS PLOWS IN PORTO RICO.

Washington, May 10.—United States Consul Brainard H. Warner, jr., at Leipsig, has called the attention of the state department to the fact that Germany has been exporting plows to Porto Rico during the past year.

GERMAN ENTERPRISE.

Washington, May 10.—A translation of an article in a Berlin publication regarding German enterprise in Central America has been received at the state department from Vice Consul General Murphy, at Frankfort, Germany. The article sets forth that fully $60,000,000 of German capital is invested in Central American enterprises. German plantations occupy an area of 740,000 acres. It is also stated that large German business houses in Nicaragua, Guatemala and Costa Rica, in addition to the entire traffic between Germany and Central America, control almost the entire foreign trade of the five republics with England and California. The shipping trade, also, along the Central American coasts is to a large extent in German hands.

IDENTIFICATION POSITIVE.

Seattle, Wash., May 10.—The body of R. N. Pollock, who committed suicide in this city Wednesday at the Hotel York, was positively identified by his former pastor and friend, Rev. R. A. George, of the Trinity Congregational church of Cleveland, who is in Seattle on his way to Nome. Rev. George will take charge of the body and may possibly accompany it to Cleveland.

HEAVY DOSE OF STRYCHNINE

TAKEN BY MRS. MONTROSE, WHO WANTED TO DIE.

Physician Saved Her Life—Troubles of a Fort Wayne Couple at Decatur.

(Decatur Democrat.)

Some excitement was created Saturday evening when it became known that Mrs. Al Montrose was lying in her room at the Miesse house hovering between life and death as a result of a dose of poison taken with suicidal intent. Mr. and Mrs. Montrose came here about two months ago from Fort Wayne, the former being engaged as a fancy sign painter for R. B. Gregory & Co. They have been stopping at the Miesse house and appeared to be getting along nicely. The first of last week the lady went away and it was rumored that they had separated. Saturday Mrs. Montrose returned and hearing some stories of infidelity on her husband's part is said to have created quite a scene about the hotel. She came down street about 4 o'clock, purchased some strychnine and going back to her room took a good sized dose. She was discovered soon afterwards by her husband. Dr. Coverdale was called and after several hours labor succeeded in getting enough of the poison pumped out of her stomach to save her life. She has improved steadily and yesterday was able to sit up awhile. Domestic tranquility has again been restored and peace will hereafter reign supreme in the Montrose household.

The Missionary union held its seventh annual meeting yesterday in the Wayne Street M. E. church and elected the following officers for the ensuing year: President, Mrs. R. J Fisher; vice president, Mrs. A. K. Zartman; secretary, Mrs. Paul Mossman; treasurer, Mrs. S. F. Bowser. The devotional exercises were conducted by Mrs. B. W. Allen; Mrs. F. E. Stouder, Mrs. William Miles and Miss Faust furnished musical numbers, and Miss Florence McMillan gave a recitation. "The Christian's Duty to the Cause of Missions" was the subject of a paper by Mrs. W. H. Daniels, and the paper was discussed by Mrs. E. E. Morgan and Rev. J. C. Breckenridge. Mrs. J. O. Keller read a paper on "Systematic Giving" and the discussion was participated in by Mrs. M. S. Willson and Mrs. L. R. Hartman. Rev. J. N. Field made a very interesting address on "Mission Work," taking as a basis for his discourse the first chapter of Romans. The meeting was well attended, and was interesting in every way.

HAVE SEVERAL DATES.

The Hibernian Rifles, who recently received their new guns, are drilling assiduously and expect to cut a wide swath on their first appearance with the guns on Decoration day. The company will participate in the Fourth of July exercises at Kendallville, giving an exhibition drill, and will appear at Richmond on the 9th, and in Indianapolis later. The men expect to go into camp at Rome City for a week and they will probably take part in the annual Irish day exercises in Chicago, August 15th. Captain Ford has appointed the following non-commissioned officers: Orderly sergeant, J. J. Conroy; quartermaster sergeant, Con Greaney; Color sergeants, Edard Cleary, J. J. Finney, M. J. Lordier; corporals, Samuel Errington, Patrick Kelly, Thomas Pembroke, W. W. Conners, Edward Conroy and Michael Kelliher; recruiting committee, Lieut. C. T. Sullivan, Sergeant J. J. Conroy, Corporal Patrick Kelly, Privates Philip Denahy and John Moran.

JUDGE OLDS IS SELECTED.

At its meeting Thursday evening the Memorial day committee selected Judge Walter Olds, of this city, as one of the speakers at the exercises at Lindenwood on Decoration day. Others already chosen are Rev. H. J. Norris and C. A. Bookwalter, of Indianapolis. The various subcommittees at work upon the details for the observance of the holiday report satisfactory progress with the work, and the completed program will soon be ready for publication.

ADVERTISING BY GRAPHOPHONE.

A clever man in Birmingham, England, says the Chicago News, has hit upon a brilliant advertising scheme. It consists of automatically worked talking machines, imprisoned in pagodas, such as are used by the telephone company for some of their public call offices in the London streets. The machine describes an appetizing dinner that may be had at the Sign of the Dragon for a phenomenally small sum of money, or mentions, in persuasive tones, that the invisible and imprisoned speaker is wearing a swell suit of clothes from the Sartorial Emporium which is of really startling value, considering the nominal price at which it was purchased.

The Columbia Phonograph Co., No. 88 Wabash avenue, Chicago, headquarters for graphophones and talking machine supplies of every kind, will send you catalogues on application.

The man with the owe seems to be attracting a monopoly of attention.

Your Uncle Russ Sage has been pecking around Wall street for several generations and when he becomes a prophet of evil he generally "makes good."

The auditorium project is not dead, but it needs an infusion of that life which only active public support and co-operation can give it. The people will shortly be given an opportunity to settle one way or the other the fate of the enterprise.

President McKinley respected the tradition that a president of the United States shall not leave the national soil and did not, therefore, cross the border into Mexico. What some Mexicans fear is that Mr. McKinley or some other president will have so strong a desire to behold their land that he will escape the bonds of tradition by simply process of annexation.

Mayor Berghoff, by the mandate of a vast majority of the voters of Fort Wayne, has been placed at the head of the government of the city. He has promised the people the best administration of the laws and public affairs of which he is capable. His administration is but begun. He is entitled to the loyal support and co-operation of all citizens in every effort to make his administration beneficial to the community. Until he has proved recreant to his trust and false to his promises he deserves the confidence of all. No one doubts that he will redeem his pledges and confer the benefits of wise, clean and economical government on Fort Wayne. There is no personal or political advantage to be gained by anyone through indulgence of a spiteful and carping spirit. The result of Tuesday's voting cannot be sensibly quarreled with. That result was decisive and satisfactory.

There is some peculiar bedevilment in the rose-colored punch and other refreshments served at banquets which exercises a most unhappy spell upon the officers of the American army and navy who partake thereof. That so bluff and sensible a soldier as General Chaffee should give utterance to such a sentiment as that "never will you see Americans and Britishers facing each other in the field," and that if complications force a choice "our inclinations will be with Britishers," is difficult to believe, when the circumstances under which the remark was made at Pekin in the presence of officers of the allied armies are understand. Americans have faced British faces and occasionally British backs in the field and would "face Britishers" again if it ought to be done, though all Americans must hope it may never be the fate of the two great English speaking nations to again engage in war. As for our inclinations, practical interests and not sympathy will determine. General Chaffee should have consulted the delicacies of the occasion. His country it at peace with all the world.

LET THERE BE NO DELAY.

It is no longer a prospect but an actual condition to be dealt with in the charter amendments relating to the police and fire departments of this city. Governor Durbin, pursuant to the acts of the legislature, has appointed commissioners for Fort Wayne. Mayor Berghoff has continued the old board of safety in discharge of their functions. A question of the constitutionality of laws is involved and only the supreme court can finally settle it. To this issue the matter should be brought as speedily as possible. There is no reason for delay, but many reasons why there should be none. If the parties to the suit will unite in an effort to bring it about, a final decision can be had in the supreme court in a few weeks. Meanwhile by the same agreement conflict of authority may be avoided and the community spared the numerous distresses of two police boards attempting to administer the law in Fort Wayne. If the charter amendments are passed upon by the supreme court the contest will stop at once and for good and police affairs in Fort Wayne will be administered accordingly as the decision may direct. The election is over and the new administration inaugurated. No political advantage can accrue to democrats or republicans from delay of settlement of the vexed legal question. It can not be decided a day too soon for the general good of the city. Push the issue through the courts and let the situation be cleared as speedily as possible.

BOILED IN HIS OWN BEER VAT

SHOCKING DEATH OF A MILLIONAIRE BREWER.

Samuel Bolton's Body Found Cooked in a Vat in His Brewery at Troy, N. Y.

Troy, N. Y., May 10.—Samuel Bolton, jr., a millionaire brewer and one of the most prominent and influential business men of this city, has been found dead in a vat of boiling beer. His body was literally cooked and death must have been instantaneous.

Much mystery surrounds the circumstances, which the authorities are trying to unravel.

One singular feature of the case is that Mr. Bolton's hat and watch and chain were found on the floor near the vat. Despite this, friends of the dead millionaire are of the opinion that his shocking end was due to an accident.

Mr. Bolton arose in his usual condition of health and went to his place of business, the Bolton brewery, at the customary hour. Later in the day he was found in the vat of boiling beer on the second floor.

Nobody about the brewery seems to be able to throw any light upon the circumstances and apparently no one saw him go to the second floor of the building.

At the time of his death Mr. Bolton was president of the Beacon Electric Light company, director of the Manufacturers' bank and the People's National bank, a member of the Riverside club, president of the Star Knitting company of Cohoes, and also connected with the Empire State Power company and other corporations.

IN JUSTICES' COURTS.

Justice Bullerman had a field day today. The cases against John Hinbert for violation of the Nicholson law were tried and the defendant was acquitted. In the cases against Frank Fremion, William Mommer, et. al., for violation of the fish laws, all the cases were dismissed except the one against Fremion, who was fined $5 and costs. The others had already been fined on similar charges. John Cain pleaded guilty to profanity and was fined $1 and costs, the other charge against him for provoke being dismissed. Mr. Cain has now gone the rounds with the exception of a case still pending in Taney's court. Several affidavits were filed against a couple of boys who hang around the mission church in the west end. The affidavits were filed by a couple of young girls who claim the boys provoken them. Jean Dawson was arrested and brought into court charged with defrauding Georgia Bowen out of a board bill. Dawson pleaded poverty, but said he would confess judgment and discharge his obligation at the rate of $5 every two weeks if the criminal charge was dismissed. This was agreed to.

President McKinley, in answer to repeated calls, said a few words to the assembled throngs. The party will leave for the north this afternoon.

O'BRIEN'S PAPER SEIZED.

Dublin, May 10.—The police of Cork, Limerick and other towns of Ireland seized all the copies of Mr. William O'Brien's weekly paper, The Irish People, found at the news dealers today. The offending articles, it now appears, were abusive attacks on King Edward, Cardinal Vaughan and the address to the king, which the paper declares, was such as might have been presented to a Legree half a century ago. The article finds consolation in the fact that the presentees were English Catholics "who are repudiated by the only really Catholic nation now in existence. The loyalists represented England only, and if the English Catholics choose to acknowledge themselves superstitious idolators it is no fault of ours."

PRESIDED AT POLICE COURT

MUNICIPAL JUDGE LOUTTIT ASCENDS BENCH.

Mayor Swears Him In On Certificate of Election—His Position to Be Contested.

William Berry has the honor of being the first man to receive sentence in the new municipal court of Fort Wayne.

George W. Louttit, having presented his election certificate to Mayor Berghoff, that dignitary yesterday afternoon swore him in as judge of the municipal court. In explaining his position the mayor said that he holds that the legislature had a right to enact a law creating a municipal court in this city and that the governor had a right to make an appointment to fill an existing vacancy up to the date of a general election. The law amending the Fort Wayne charter became operative immediately after the governor attached his signature, and a general election coming subsequent to that time it became the duty of the electors to select a person to fill the position created by the establishment of the court. Mr. Berghoff said he was not posing as a supreme court, but that a reading of the law made his duty in the matter plain to him at least, and he acted accordingly. If, when the constitutionality of the law is passed upon, his position is sustained, Governor Durbin will be obliged to issue a commission. Until Mr. Louttit receives such commission he cannot draw any pay for his services as police judge.

But to return to Mr. Berry, who was standing in front of the judge. He was charged with being drunk and he pleaded guilty to the charge, whereupon he was sentenced to pay a fine of $1 and costs and stand committed until the same was paid or replevined. The new judge overlooked the cigars.

William Dalamater reported that a banjo had been stolen from him at Hunt's saloon, on Calhoun street, last night. Detective Coling was sent out to investigate the matter.

EVEN REPUBLICANS REBELLED.

(Lafayette Journal.)

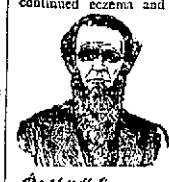
Fort Wayne never went so strongly democratic as in the recent election. Even the republicans up there rebelled at the Marion county scheme for controlling the state.

F. H. Schaumann went to Adams county yesterday to attend the marriage of his nephew, William Schaumann, of Marion township, to a Miss Gotting.

Eczema for Forty Years.

The Unqualified Statement of a Well Known Attorney, St. Ignace, Mich.

Some of the cures made by Dr. A. W. Chase's Ointment of stubborn and long continued eczema and skin diseases are causing much comment. People are beginning to realize that this Ointment is a wonder worker with all kinds of skin trouble. Attorney James J. Brown, St. Ignace, Michigan, writes as follows:



Dr. A. W. Chase Med. Co. Buffalo, N. Y.—Gents:—I cannot refrain from expressing my acknowledgement for the relief I have felt from Dr. Chase's Ointment. For 40 years I was afflicted with a skin disease which was located in one spot—on my leg. I have spent at a rough estimate five hundred dollars trying to effect a cure, and not until I applied this ointment did I get relief. You are strangers to me and this letter is prompted directly because I want to say and I feel as though I ought to say it. That Chase's ointment has effected a complete cure of my affliction. Three boxes did the work on my leg. I was also suffering from itching piles and applied the ointment which gave the best of satisfaction by affording me rest at night and rapidly causing the disease to disappear. I have received such relief and comfort from the ointment that I cannot withhold expressing my gratitude. I was so long afflicted with the tortures of eczema. I feel now that I am cured, a word of recommendation is due from me. Yours truly,

JAMES J. BROWN.

Dr. Chase's Ointment is sold at 50 cents a box at all dealers or Dr. A. W. Chase's Medicine Co., Buffalo, N. Y.

EDITOR WILLIS' OPINION.

(Waterloo Press.)

As might have been expected, the city election at Fort Wayne Tuesday resulted in a complete democratic victory, with the exception of republican gains in councilmen, and from latest reports the republicans only succeeded in frightening the democratic newspapers before the election. The contest was very bitter and personal, attacks being made not only upon the candidates, but also upon citizens not up for office. The manner in which the campaign was conducted was a disgrace to modern citizenship, and such vituperious conduct seldom results in any good to a community.

BELIEVE IN HOME RULE.

(Kokomo Dispatch.)

The people of this country believe in home rule. The outrageous action of the recent legislature in seeking to take control of municipal affairs from the people at Fort Wayne and place it in the hands of a partisan board appointed by a partisan governor, with the particular object of strengthening a political machine, was roundly rebuked in the Fort Wayne election Tuesday. The democrats carried the city by the largest majority cast in recent years, securing councilmen in every ward but one.

(Columbia City Post.)

Wednesday afternoon the board granted to Vallorous Brown a franchise which will allow him to construct and operate an electric railroad through the northeast part of Smith township, on what is known as the Goshen road. This is a link of a proposed line from Fort Wayne to Goshen.

Jimmie Stevens, a messenger boy employed by the Western Union, while riding on South Calhoun street last night about 8 o'clock his bicycle tire exploded and the boy was thrown from the wheel, sustaining a bad cut in the chin, besides other minor injuries. THE CLOUDS LIFT

(Continued From First Page.)

back to 108; Western Union was firm around 93.

THE RALLY CONTINUED.

The rally in prices continued to the close and were generally the best of the day.

Judge Gildersleeve said today that the order to show cause in the Northern Pacific case was issued by him at his house last night on the application of counsel for Bernard Smith.

The plaintiff, Smith, claimed to have sold 200 shares of Northern Pacific "short" to a broker. He alleged that the broker was acting for parties who held all the stock at the time and that the party to whom he sold the stock knew it was impossible for the plaintiff to carry out his contract to deliver it.

Under these circumstances Smith asked that the person to whom he sold the 200 shares of stock be enjoined from enforcing his claim for its delivery.

The usual bond to be given by the plaintiff to indemnify the defendant from loss should the injunction not be continued was not filed and no steps to serve the preliminary injunction on the defendants were taken.

WALL STREET SCENES.

New York, May 10.—The calm that succeeds the storm pervaded Wall street today. The settlement with Northern Pacific shorts largely eliminated the element of danger that by mysterious process created the alarm of yesterday; and that statement that the stock clearances of yesterday had been made without the dishonoring of a single check seemed to lay the cornerstone of a new fabric of confidence.

The market opened in a rather feverish and unsettled state and there was a rather sharp decline in prominent stocks, but later the market steadied down and prices recovered their earlier losses and began to advance.

There was keen interest manifested in the final result of the contest for supremacy in Northern Pacific. The leading contestants remain silent and conservative opinion prefers to wait until there has been a count.

Kuhn, Loeb & Co. declined to discuss the situation and J. P. Morgan & Co. showed a similar disinclination to take the public into its confidence.

There is a growth in the belief that the latter house has succeeded in retaining the control and somewhat of a revulsion in the sentimental feeling that swept the financial district yesterday.

Both houses were engaged in their settlements with the shorts and all through morning reports of the latter streamed in to arrange the reckoning.

It was work that lacked in cheer. Rain fell in drenching sheets and Broad and Wall streets were toadstool gardens of umbrellas. The strongest impression that an observer got in the street was exhausted and worn-out men.

The machinery of finance is human after all and friction tells upon it. There was first a period of tremendous activity that tested the strength of the strongest, and then two days of effort that was supreme and that left its victims physically drawn and mentally dull. There is no longer room for doubt that the storm has been weathered.

The banks and larger financial interests are at work in rebuilding confidence and stand ready to further protect the market.

The losses yesterday were stupendous. One commercial paper places the losses in the bucket shops throughout the country yesterday at $30,000,000, and if the figure is anything like correct it conveys a profound impression of the shrinkage in the legitimate places.

Naturally the greater part of these were losses on paper, but they were all sufficiently tangible to be counted by owners and could at one time have been realized upon in cash.

The other side of the story is short, but it is full of tales of Yankee enchantment. The men who had little dribs and drabs of Northern Pacific and claimed fortunes on them are generally the heroes of these tales. Then there were the few men who were wise enough to profit by the slump of yesterday and got the opportunity to do so.

Everywhere in the street today they are holding post mortems. Some of these inquiries show that there are men whom a quick recovery of the market alone will save from ultimate bankruptcy.

The holiday tomorrow and the fact that Sunday follows will, it is felt, have a tendency to further steady the market. The managers of the consolidated exchange have also decided to suspend operations tomorrow, so there will be a great deal of house-cleaning over Sunday.

Some small blocks of stock were sold under the hammer on the consolidated exchange today to meet the obligations of the concerns which went under yesterday.

BROKERAGE FIRM FAILS.

New York, May 10.—Albert Thomas Jackson and Samuel C. Jackson, doing business as stock brokers, today assigned for the benefit of their creditors. Jackson Bros. were members of the Consolidated Exchange. The primary cause was said to be the failure of their customers in the city and out of town to meet calls for extra margins. The liabilities are under $100,000.

FIND M'CORMICK BOY'S BODY.

New York, May 10.—The body of Willie McCormick, who disappeared from his home in this city some weeks ago, was found in Cromwell Creek at One Hundred and Sixty-first street and Railroad avenue. The body was identified by the boy's sister.

Amos Rusie pitched for the first time in three years yesterday for Cincinnati against St. Louis, at the former city. Pitted against him was Harper, with Fort Wayne last season, and the ex-Hoosier made by far the best showing, only six hits being made off his delivery. Nineteen bingles were made off the great and only Amos by the St. Louis sluggers.

What Fort Wayne wants is a big man with a strong arm and an ax—or any old thing to hock the hoodoo. That there is a hoodoo cannot be denied; it has been seen. It has green eyes, purple hair, two rows of horns and breathes through its ears. That's the kind of a thing that is hovering around "Hoggie" Miller's heartstrings. Yesterday Walter Wilmot brought his bunch of exleaguers to town and gave an imitation of a ball team winning a game in a walk. It was a remarkable game and was won by the visitors in one inning. Mullen was on the slab for the home team and barring the fourth inning he pitched a magnificent game. Only eight hits were made off his delivery, two of which were made in the first three innings and only one in the last five. In the fourth, however, is when the Louisvillians did business with his curves, getting four singles, a two-sacker and three bases on balls; this combination netted six runs, none of which were earned, and no runs were made after that by either club. Here's how it was: Jacobs, the first man up, walked to first and was followed by Smith and Zalusky with a hit each; Evans got another gift. Lally singled and was followed by Wilmot, who hit for a base and stole second. McFarlan then flew out to McCann, Grimm got his base on balls and Jacobs, on his second time up, hit for two bases, Grimm being thrown out at the plate while trying to score on the hit. After the smoke and dust cleared away and the scorers got through figuring, it was found that six runs had wandered in. It was awful for awhile and the disaster was largely contributed to by Mullen, who got petulant because he thought the umpire was giving him the worst of it on balls and strikes. He lost his head, got mad and rattled and gave a very amateurish exhibition all around. After that inning he settled down again and, as stated, allowed but one hit during the remaining five innings. Weyhing pitched for the Wilmot crowd and he had perfect control, not allowing a single man to walk and striking out six. Fort Wayne made its only run in the second inning when F. Miller got safely to first on Jacobs' error and got around on McCann's two-bagger and Nattress' sacrifice. Tony Mullane umpired, and while the general impression was that he was decidedly off in a couple of decisions, his work could in no sense at any rate be called responsible for the result. Following is the score:

NOTES OF THE GAME.

Elrot or Daniels will pitch today's game. Elrot has not yet been seen by a Fort Wayne audience.

McCann's two-bagger saved Fort Wayne a shut-out yesterday.

That fourth inning was a bad one and was made worse by Mullen's display of temper. There's nothing in it.

The Marion grand stand is too small for the patronage and the management has awarded a contract to have it enlarged.

Manager Armour, of Dayton, may put Wright, the pitcher, on first base. Wright is a hard hitter and that is what Armour wants in every game.

Mullen is the very fellow Wilmot has been looking for all spring. He hit the ball every time he went to the bat yesterday and drove out a whole lot of long fouls and at that got two beautiful hits.

Watkins has a kick six inches long in the Indianapolis News about the small attendance at the capital city. Watty says his team is the fastest Indianapolis has had in years, and he is at a loss to understand why the fans don't appreciate this fact.

Manager Gardner, of Columbus, has released Bristow, Coffman, Eichler and Drury, and has signed a new player named Wall. The Indianapolis papers do not speak highly of Gardner's ability as a manager, but say he will improve as his team gets going.

The Indianapolis club will be away from home the greater part of the month, and it is possible that they may be mulled down a few pegs. The other teams will have to do some playing or Watty's men will have the flag clinched before the season is half over.

This is ladies' day at League park. Ladies will be admitted free, but small children will not be admitted at all unless accompanied by adults. The management announces positively that it has retired from the nursery business both on the diamond and in the grand stand.

Charlie Strobel tried to sign Outfielder John Dobbs, released by Cincinnati, but just before the Toledo magnate got through persuading, Dobbs got a telegram from Boston offering him $1,800 to finish the season there, $300 more than Strobel could pay. President Mautner was also after him.

Thornton, an old ex-leaguer, was on the first bag for Fort Wayne yesterday and made a good impression. He failed to secure a hit, but he fielded his position perfectly and his unassisted double play off Weyhing's fierce liner was a very neat job. Starke will be farmed out as the management believes him to be a genuine corker.

Umpire Mullane says he has umpired twelve games this season and yesterday was the first time he failed to please the audience. He added that another exhibition like Mullen gave yesterday would result in a fine. The rules do not tolerate it and Mullane does not propose to allow it again. President Mayer informed him last night that fines in the Western association would "stick" every time.

The American league opening in Boston Wednesday was gratifying to President Johnson and the other magnates of that organization. The turnstile registered over 11,000 people who gave the new team a rousing reception. To counteract the big American league opening the management of the Boston National league club distributed free tickets and attracted 5,500 people. There was little money in the crowd, however.

With the exception of a bad decision on third yesterday Mullane did very well. He says that the balls which the audience took exceptions to yesterday were very peculiar, taking a sudden curve just before they reached the plate and that all of them cut either in or out and failed to pass over. He watched them very closely and said he expected a kick from the grand stand because they were so deceptive, but insists that he called them right. He says an honest umpire knows as well as anybody when he makes a mistake, but insists that he made none yesterday on balls and strikes. On a third base and a home plate decision he was not so positive, but says his decisions were all as he saw and judged the play.

ABOUT THE COURT HOUSE.

Deputy Sheriff Young took Richard Ross to the insane asylum at Richmond this afternoon.

The case of Rogers vs. Robbins has been certified to the circuit court on a change of venue from Fulton county.

In the circuit court yesterday Judge O'Rourke made an allowance of $8,500 to C. W. Edgerton for services as administrator of the estate of J. K. Edgerton, and of $1,500 to C. W. Worden as attorney.

The receivership of James Taft will be tried May 13. This morning Judge Aiken rendered the following judgments against Mr. Taft: H. P. Claflin company, $1,305.87; George DeWald & Co., $327.74; J. H. Sweetzer et al, $1,219.61; James J. Hooker et al, $125.83; Kalamazoo Corset company, $522.74.

After today the superior court will not be in session until about Friday next. The recess is taken in order to give the decorators an opportunity to put the finishing touches on the room. Judge Aiken says that anyone who even intimates that he will try to catch fish during the recess will be held for contempt and will be spotted on the shot.

For the Ofell ditch in Jackson township Herman Felts, George Crabill and H. S. Havel were appointed viewers.

On report of the re-viewers on the joint ditch between Allen and DeKalb counties, known as the Carnahan ditch, the petition was dismissed by the county commissioners today.

On the Sovine ditch in Eel River, Lake and Washington townships, Joseph Barnett, B. F. Frederick and F. M. Otto were appointed viewers.

The big Boitet ditch in Jefferson and Adams townships is under consideration but it will be established today on the report of the re-viewers.

The Indianapolis papers say the team from the capital city outclasses all other Western association teams and that interest is waning in Indianapolis on that account. Last year, at the first of the season, Indianapolis led all other American league clubs, but the rest soon found their gait and Indianapolis finished the season third. All the Western association teams, except Indianapolis and Dayton, are entirely new and when they strike their gait there will be a different story to tell.

SMALLPOX IN DEKALB.

Auburn, Ind., May 10.—The existence of smallpox in several of the towns in this county has caused the county commissioners and the board of health to adopt stringent measures to prevent the spread of the disease. Eight or nine cases exist here, and as many more at Garrett, where the north side school has been closed. Thursday afternoon the county commissioners issued a sweeping order forbidding all public meetings until May 25. This will include theaters, churches, Sunday schools, lodges, clubs, congregations, public sales, band concerts, base ball games and all public gatherings. The sum of $1,500 was appropriated for a detention hospital at Auburn.

THE MARKETS.

New York, May 10.—The feeling in Wall street this morning was much calmer and more confident, as a result of the terms of settlement offered to the shorts in Northern Pacific and the measures taken by the banks to ensure against a dearth of loanable funds. The recoveries in prices shown in the London market for Americans also reflected returning confidence and a passing of demoralization.

The opening here was nevertheless watched with anxiety as an indication of the after results of yesterday's damaging stock.

Opening prices here surged upward all around, the only exception being Southern Railway, which ran off 2½.

Northern Pacific sold at 150 for 300 shares compared with 325 last night, reflecting the terms of the agreement with the shorts.

Four thousand shares of St. Paul sold at 155 to 156, compared with 151 last night. Delaware and Hudson rose 9½, Burlington 8, American Tobacco 6, Northwest 7, Missouri Pacific 7, Amalgamated Copper 5½, and such stocks as Rock Island, Southern Railway preferred, Erie, United States Steel preferred, People's Gas, Chesapeake and Ohio, Louisville, Pennsylvania, Sugar, St. Louis Southwestern preferred, Wabash preferred, Baltimore and Ohio, Atchison common and preferred and Brooklyn Transit from 2 to 4½ points.

Twelve thousand shares of Union Pacific sold at 95 to 99½, compared with 90 last night, and 5,000 shares of United States Steel sold at 45 to 49, compared with 40½ last night. There were some dips again after the opening and Illinois Central ran down from 2½ below last night. The tone was unsettled after the opening, but the first sales showed recoveries.

There was some sharp backsets after the opening, running to 6 points in Delaware and Hudson, 5 in St. Paul, Tobacco and Hocking Valley, 4 in Chesapeake and Ohio and Union Pacific, 3½ in Consolidated Gas, 3 in Louisville and Nashville, 4 in Rock Island, Northern Pacific, United States Steel and Atchison preferred.

Meantime there were advances in General Electric of 10, Lackawanna 8½, Sugar 6, Illinois Central, Kansas and Texas preferred, St. Louis Southwestern preferred and Metropolitan 5, New York Central 4½ and other stocks less amounts. Northern Pacific sold as high as 160 for cash.

Prices continued to fluctuate irregularly but over a lessening range and were generally higher by 11 o'clock on a small volume of dealings on the official announcement that all clearing sheets have gone through the stock exchange clearing house perfectly and that all checks were honored.

The market continued somewhat irregular, but the tone became comparatively quiet and prices were for the most part well sustained.

There were some additional declines, Northwest falling 5%, the preferred 6%, and Chicago Great Western preferred A 4½. There were also sharp advances in New York, Chicago and St. Louis second preferred of 8 points, Hocking Valley 7½, International Power 6, Great Northern preferred 5 and Chicago Terminal Transfer preferred 4½.

Northern Pacific sold as high as 200 for cash in spite of the terms to the shorts of 150.

Business became very animated during the noon hour and prices rose rapidly under the leadership of Union Pacific.

An enormous demand for this stock carried it up 11½ points to 101½. Various other stocks sold from 2 to 6 points above their opening prices. At 1 o'clock the improvements over yesterday's close extended to 14 in St. Paul, 12½ in Amalgamated Copper, 12 in Consolidated Gas, 10½ in Missouri Pacific, 10 in New York, Chicago and St. Louis second preferred, 9½ in Great Northern preferred, 8 in Burlington and General Electric, 7½ in Kansas and Texas preferred, 7 in Atchison preferred, 5½ in Atchison common, 6 in Sugar, and from 2 to 5 in a number of other stocks. A sharp set-back in the local traction and People's Gas was without effect on the general market and those stocks rallied strongly again.

Bonds were moderately active and irregular, yesterday's weakest bonds showing sharp recoveries.

Union Pacific continued to advance to a point above 99 last night and lend a strong upward movement throughout the list. Missouri Pacific rose 10 points, which wiped out yesterday's net loss with 3 points to spare. Net gains in St. Paul were 17, in Consolidated Gas 16, in Lackawanna 13½, in New York, Chicago and St. Louis second preferred 12½, in Kansas and Texas 9, Sugar 6, St. Louis Southwestern preferred 8, People's Gas 4½, and numbers of the Trans lines, Southwestern and high-priced speculatives from 4 to over 7 points.

These gains were not fully held and there were occasional relapses of several points where the rise had been most buoyant, but the undertone of the market continued strong and confident.

There was some profit-taking by traders during the last hour, which carried back Union Pacific and Missouri Pacific as much as 2½. Northern Pacific dropped back to 150 on cash sales. Burlington developed aggressive strength, advancing 12½ over last night and the market rallied again, some stocks, including Union Pacific, receiving to the highest.

The closing was active and slightly irregular, but generally firmer and near the top.

CHICAGO MARKET REVIEW.

Chicago, May 10.—A private crop report in which it was declared that the high condition of winter wheat had been well maintained induced liquidation of wheat despite steady cables and a report of insect damage to the Russian crop. July opened at 71½@71½c to 71½c, unchanged to ½c higher than the close yesterday. A decline to 70½c ensued. Local receipts were 57 cars, 1 of contract grade. While Minneapolis and Duluth reported 156 cars against 282 last week and 226 a year ago.

Heavy export sales started covering and July rallied to 73½ and closed fairly steady, ½@¾c lower at 73½c.

Corn was weak in sympathy with the wheat decline and under the influence of the receipts which continued 85 cars, of contract grade, a total of 326 cars. The Illinois crop report showing 97 per cent of the old crop left in farmers' hands (this being 18,000,000 bushels more than at the same period a year ago) also disturbed traders. ENGINE IN CANAL

WENT THROUGH OPEN DRAW-BRIDGE AT MELROSE.

A FREIGHT CAR FOLLOWS

NICKEL PLATE BLOCKED BY THE ACCIDENT.

BRAKEMAN STEVENS DEAD

KILLED IN THE CLEVELAND ROLLING MILLS.

Nickel Plate engine No. 4 lies in the bed of the canal at Melrose, Ohio, half buried in water and mud. The locomotive was hauling the first section of eastbound freight train No. 54, with Engineer M. E. Cain and Fireman L. H. Elder in the cab, and reached Melrose about daylight this morning. The drawbridge was open, the weather foggy and the tracks slippery and Engineer Cain was unable to stop in time to avert the accident, though he set the brakes and reversed the lever. One car followed the engine and also sank deep in the mire. The tracks were completely blocked, of course, and passenger trains were compelled to detour via the Cincinnati Northern, the Clover Leaf and the Findlay, Fort Wayne and Western. Conductor Ebert had charge of the train. Nobody injured. Melrose is about thirty miles east of Fort Wayne.

A boat was passing through the draw and the engine, in its descent, struck and crushed it into kindling wood.

YARDMASTER INJURED.

James P. Gray, a yardmaster at the east yards, met with an accident early this morning that is likely to lay him up for some days. The heavy ball of one of the switch bars fell upon his right foot, bruising the member so that Mr. Gray was unable to walk. He was brought down to the depot on a switch engine and taken to his home, 90 West Williams street. Dr. W. E. Stemen attended him.

ALTON ENGINE SENT HOME.

The large piston-valve engine belonging to the Chicago and Alton company, which has been here several weeks for trial, has been sent home. While a very good engine, it does not perform its work any better than do the engines now in use on the Fort Wayne road. In fact, some of the engineers do not like the Alton as well as the class X.

MR. GINTY HAS A CINCH.

The railway friends of Conductor M. O. Ginty regard his election to a position on the advisory board of the Pennsylvania Voluntary Relief association practically settled, all that remains being the simple act of depositing and counting the ballots. Mr. Ginty is the only applicant from this city for the western division of the Pittsburg. The other applicant is Mr. VanSycle, a very worthy man, but a resident of Chicago, and Fort Wayne people cannot be expected to vote for him on that account. Of the 2,600 men entitled to a vote in the election, fully 2,000 of them reside in this city or are mostly interested in the Fort Wayne candidate. The Grand Rapids and Indiana branch of the Relief has two candidates, both from the transportation department and both popular with the men. The result of the contest between them cannot be foreshadowed with any degree of accuracy. The candidates are W. H. Grout, a passenger conductor, and L. B. Hushour, a freight conductor. The voting will close on the 22d inst.

ROUNDHOUSE MEN STRIKE.

Buffalo, May 10.—Eighty men employed in and about the roundhouse of the Lackawanna Railroad company struck today out of sympathy for the Scranton strikers.

HAD FINGER MANGLED.

Clyde U. Hench, an apprentice at the Wabash shops and a son of Councilman G. R. Hench, had the misfortune to lose a portion of the little finger of his right hand while at work in the shops last night, about 9 o'clock. The digit was caught in the drill press the young man was operating and crushed so that Dr. M. F. Porter found it necessary to amputate it at the first joint.

BABY'S BUSINESS

A healthy baby is comfortable; and that is enough for a baby. His business in life is to grow.

Aside from acute diseases, his food is the cause of most of his troubles. But Scott's emulsion of cod-liver oil delivers him from it.

He isn't sick; only a little hitch, somewhere, in his machine for turning food into growth.

It is a great thing to do, for a baby, to help him over a hitch with mere food—the emulsion is food that has the tact to get there.

The tact to get there is medicine.

We'll send you a little to try, if you like.
SCOTT & BOWNE, 409 Pearl street, New York.

BUILDING FLAT CARS.

The car builders at the east shops this morning commenced work upon an order for 100 flat cars for the maintenance of way department. These cars will be provided with aprons, which make a string of them practically one car. The blacksmiths have about completed the irons for these cars.

TOES BRUISED.

P. J. Grady, of the Pittsburg machine shop, will be off duty a few days. Last evening he allowed a heavy locomotive spring to drop on one of his feet, bruising the toes severely. No bones were broken.

LIVELY TRADE IN DYNAMOS.

A 2,000-light dynamo, with all the station equipment, left the electric light works today for Blanchester, Ohio, where the company is about to install a plant. A large switchboard, with all its trimmings, was sent to Bloomington, Ind., and an 80-light arc dynamo to Warren, Ohio. A large switchboard and all its trimmings was also sent out today, consigned to the American Light and Water company, Indianapolis. This went by American express, there being a necessity for haste.

HAD A FOOT INJURED.

A heavy box fell upon and badly injured one of the feet of William Rodeheaver, a freight handler at the Pittsburg warehouses, last night. The unfortunate man was taken to his home, where Dr. C. B. Stemen attended him.

THE CELINA EXCURSION.

The excursion to Celina next Sunday for the accommodation of the Shamrock ball club and its friends promises to be quite a success. The shopmen are particularly interested in it, because it will afford them an opportunity to witness the ball game and spend a few hours on the largest artificial body of water in the United States—the reservoir. The excursion will be over the Lake Erie and Western road.

KILLED IN ROLLING MILLS.

A. J. Stevens, a former resident of this city, was killed in Cleveland Wednesday night. News of the sad affair was conveyed here in a brief telegram addressed to C. A. Scott, one of the officials of the local lodge of the Brotherhood of Railway Trainmen, with the request that the inform the parents of the deceased. Mr. Scott is in Milwaukee and the sad duty of telling the old people of their loss devolved upon another member of the brotherhood. Mr. and Mrs. Stevens were nearly crazed with grief when they heard of the death of their son. In company with their other son, J. J. Stevens, they immediately left for Cleveland, where they will take charge of the remains of their deceased son and convey them to Grafton, W. Va., where the funeral will take place. The particulars of the accident are not known here. A. J. Stevens was employed for several years on the western division of the Nickel Plate. He left this city about a year ago and since has been employed in rolling mills in Cleveland. He was a member of the Fort Wayne lodge of the Brotherhood of Railway Trainmen and carried an insurance in that order.

ROBISON PARK EXCURSIONS.

Next Sunday the Findlay, Fort Wayne and Western company will inaugurate the summer excursion season by bringing in a big crowd of people from the east to spend the lay at Robison park. Last season and former years the Findlay did a thriving excursion business of this character. Robison park is quite a favorite with the people residing along that line and they come here it every opportunity.

WILL PUT ON ANOTHER TRAIN.

General Manager B. W. Fenton, of the Findlay, Fort Wayne and Western road, is arranging a new time card, which will include another train each direction daily on that line. The new train will be "mixed"—will carry freight and passengers—and will fill a want now quite seriously felt. The Findlay has been operated most economically for the past two years and has been earning handsome dividends for the stockholders. The Sentinel published the annual report of the treasurer a few months ago.

NOTES OF THE GAME.

Nickel Plate Engineer Bert Baughman is sick and off duty.

The Wabash pay car is bulletined to arrive here Tuesday, May 28.

Engineer David Bricker, of the Grand Rapids and Indiana road, is sick.

C. Mailand, of the Pittsburg car shops, went into the country yesterday to attend a wedding.

J. Reidel, C. A. Arick and William Leach, of the Pittsburg shops, are off duty on account of sickness.

L. S. McClellan, division passenger agent of St. Louis territory for the Wabash, was in the city yesterday.

Fred G. Olds, of the Pittsburg machine shop, is in Chicago today, looking after the interests of the relief department.

William G. Zwick, a blacksmith helper, resigned a position in the Pittsburg blacksmith shop this morning. He will engage in other work.

Charles Hans, of the Pittsburg blacksmith shop, is off duty on account of an injured eye. The optic was hurt by a hot cinder. The wound is not serious.

Indianapolis Journal: "The Wabash has purchased forty-five acres of land at Butler, Ind., which will be made something in the nature of a terminal point."

No. 2, the Pennsylvania limited, struck a herd of cattle at Hamlet last evening and killed three of the animals. The accident delayed the train about half an hour.

General Manager Kendrick, of the Northern Pacific, will pass through the city this evening on Pennsylvania train No. 8, en route to New York. He travels in his private car.

Theodore Haberkorn is in Indianapolis, purchasing machinery for the Haberkorn-Haley Manufacturing company's works. It is expected that the machinery will reach this city the 1st of June.

The Pennsylvania company is stocking up its lumber yards and every day several carloads of car lumber are received from the south. This makes work plentiful in the lumber yards and a temporary shortage of laborers.

Herman Tapp, the contractor, purchased a fine carriage horse at Huntington yesterday for Thomas Rodd, chief engineer of the Pennsylvania company. Fred Tapp, a son of the contractor, went down to Huntington after the animal this morning. It will be shipped to Pittsburg.

The motive power clerks and the shop clerks of the Pittsburg will play the annual ball game two weeks from tomorrow. A year ago the shop clerks were victorious, but the score is likely to be different this year. Charley Casterline is captain of the motive power boys and John Leach, jr., is captain of the shop clerks.

Engineer John Ross, of the Wabash, came up from Peru yesterday, with twelve or fifteen other enginemen, to attend the funeral of the late Engineer J. H. McClure. The services were held at the Simpson M. E. church and were largely attended by both the railway men and members of the Masonic fraternity, of which the deceased was a member.

ADMISSION FREE THIS YEAR

NO CHARGE TO DECORATION DAY RACES.

Bicycle Dealers' Association Arranges for Four Fast Events With Fifty Prizes.

There will be no charge for admission to see the bicycle races on Decoration day this year, either to the grounds or grand stand. This decision was reached at a meeting of the Fort Wayne Bicycle Dealers' Protective association Thursday evening, and it will no doubt result in a largely increased attendance at the events.

The meet will be given at the driving park Thursday, May 30, starting at 10 o'clock, and four events will be given as follows:

1. One-mile novice.
2. One-mile open.
3. Half-mile for boys under 12 years of age.
4. Ten-mile handicap road race.

Nearly fifty handsome and valuable prizes will be offered, the list including four handsome racing wheels. The association will hold another meeting Monday evening to complete the program and arrange the entry blanks. There is certain to be a large number of entries.

JUSTICE FOR COLONEL HARRISON.

(Indianapolis News.)

The resolutions adopted by the Association of Spanish-American War Veterans, asking our Indiana congressmen, without regard to party, to use their influence to obtain a court of inquiry, so promptly and repeatedly demanded by Colonel Harrison, to correct the injury and right the wrong done him in his dismissal from the army, will recite the fact that the name of Harrison has been associated with the military history of Indiana from its formation as a territory. They also recite the fact that ex-President Harrison died believing that the creditable military record of the Harrison family, made in every war that the country has been engaged in from the revolution on, was injured by the manner and circumstances of the dismissal of his son. The recital of these facts is simple explanation. If explanation is needed, why this action be taken. Had it been added that Colonel Harrison was dismissed in order to punish his father for his failure to support without qualification the political views of the administration, the common belief of the people of Indiana and of the country would have voiced. But whatever the motive, the people ought to make it plain that they do not agree with Secretary Root that this is "a closed incident." They can not afford to have any such incident closed in this manner. They have a right to demand that justice be done a fellow-citizen. None can more appropriately lead in such demand in this case than the people of Indiana. We trust that this is but the beginning. We hope, for the sake of fair play, the rights of American citizenship and simple justice in the recognition of the equality of such rights, that this movement will continue until it is crowned with success.

The Skin AN INDEX TO THE BLOOD

Millions of little glands or tubes connect the blood with the skin, and through these small drain pipes perspiration passes out, carrying with it the impurities that are thrown off by the blood. Should the pores of the skin be entirely closed for even a brief space of time, and the poisonous matter forced back into the circulation, instant death would result. In addition to the sweat glands, the skin is provided with certain others which pour out upon it an oily substance, keeping the skin pliable and soft and protecting it from heat and cold. The blood and skin are so closely related that whatever affects one seriously interferes with the functions of the other. Not only health, but life itself, depends upon perfect harmony between the blood and skin. When, therefore, the blood becomes poisoned from any cause, it quickly manifests itself upon the skin in the form of sores and ulcers, pimples and various eruptive diseases. By the character of the sore we are enabled to determine the nature of the poison or humor in the blood, as every disease originating in the blood has its own peculiar sore or pimple. The skin is not only affected by the poisons generated in the system, but poisons from without enter through the open glands or pores and quickly infect the blood. Mercury rubbed upon the skin will produce Rheumatism, and Poison Oak and Ivy and other wild plants gain easy access to the blood through the skin. As so-called skin diseases originate in the blood, the application of powders, soaps and washes can do no permanent good, but often do immense damage by closing up the outlet to these little tubes and interfering with the natural action of the skin. The treatment must begin with the blood, and the acid or other poisons antidoted or neutralized. S. S. S. does this and purifies the circulation, builds up the blood and flushes the little glands or pores with pure, new blood, and restores healthy action to the skin. The use of cosmetics never yet brought health and beauty to a rough, red, pimply skin or sallow complexion. What is needed is rich, pure blood, such as S. S. S. makes. It not only relieves you of all disfiguring blackheads, blotches and irritating, itching eruptions, but improves your general health. S. S. S. contains no mercury, potash, arsenic or other mineral, but is a purely vegetable remedy and the safest and best in all blood and skin troubles. Write our physicians for advice or information; they have made a study of blood and skin diseases, and you can have the best medical advice without cost. Book on Blood and Skin Diseases free. Goodness and Cheapness

Combined in Fort Wayne Outfitters Co.'s Furniture

It is not at all necessary that knowledge of the beautiful and unlimited wealth should go hand in hand; it cannot be denied that in many houses where the income is limited the taste exhibited in furniture and arrangements is very often superior.

You cannot afford to buy furniture that is not up-to-date in style and in quality; it is expensive in the end.

Never compare prices without comparing quality; you will find more difference in quality than in price.

Poorly made furniture detracts from your surroundings, will become distasteful to yourself and looks vulgar to the refined.

Complete house furnishings, special offers that are winning us hundreds of friends every week. You cannot buy these goods separately elsewhere in Fort Wayne for twice the amount we ask. Come and see us.

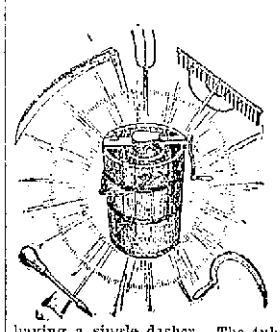
A PLEASURE ALWAYS.....



When warm days are at hand is to have one of our TRIPLE MOTION ICE CREAM FREEZERS, and keep cool all summer with delicious ice cream.

This apparatus freezes the cream smoother and finer than any other on the market; this result is obtained by its having the DUPLEX MALLEABLE IRON DASHER, which is made of two distinct parts, which are independent of each other in their operations; this dasher, in conjunction with the turning of the freezer, produces the rapid freezing TRIPLE MOTION found in no other freezer having a single dasher. The tubs are of the best material, strong, water-proof and bound with heavy galvanized iron hoops that protect the freezer and do not fall off.
